IF YOU WANT TO Buy, Sell, Rent or Trade a house, employ help or recover lost articles try a Want adlet in THE SENTINEL want column.

The Fort Wayne Sentinel.

ESTABLISHED 1833. TUESDAY, JUNE 1, 1897. PRICE TWO CENTS.

Here's Another Fact. The Daily Sentinel Guarantees to its advertisers a circulation of over 5,000 papers daily.

The frontispiece of "Fashions" for June is a strikingly artistic page, showing a stylish riding habit and a practical as well as beautiful mountain costume. The gowns pictured throughout the number are all especially seasonable, and include a Redfern yachting costume, commencement dresses, a tennis suit, various kinds of negligee and fluffy dresses of summer goods for all sorts of occasions.

Mrs. Julia Ward Howe contributes the opening article, which is accompanied by a fine recent portrait of the author. A brief description of the new Congressional Library and latest notes on women's work at the Tennessee Centenial are of interest. Students of Flower lore will be delighted with Isabel Worrell Ball's dainty study of "The Flower of June," while every true woman will heartily endorse the sentiment in Florence Howe Hall's treatment of the subject "Courtesy to Our Social Inferiors."

"The Meeting of the Waters" is a charming story of Southern life by Jeanetta H. Walworth; and "What Was in a Name," is a clever skit by Allice Wellington Rollins.

Large space is devoted to articles suggesting summer occupations, games, and flower culture. "The Etiquette of Weddings" will settle many a vexed question. Embroidery is seasonable all the year round, and three Colonial designs are given to tempt deft fingers to copy them in the leisure hours of summer. The latest novelties in millinery, shoes, parasols, pocketbooks, belt bags, etc., are described, and nothing has been neglected to give "Fashions" readers thoroughly up-to-date information in all matters of feminine accessories.

WHY

Do so many people take our VITALIZED AIR to have teeth extracted.

BECAUSE

It is painless. It does not make you sick
It is harmless. It is a gem.
It is pleasant to take. It is wonderful.
It makes you sleep. It is used only by us.
We Manufacture it Ourselves.

A Set of the best teeth only $8.00.

No dentist can make you a better set than these, no matter what you pay for them.

Our prices for all kinds of Dentistry are very reasonable---examination free.

All Work Guaranteed. Open Evenings.

U. S. Dental Parlors,
98 Calhoun Street.
(Over Baldwin's Music Store.)
Dr. J. A. Williams, Mgr.

We Are Keeping Up With the Procession.

Our Carpet Room is crowded every afternoon.

We receive and deliver now, nearly a car load of Furniture daily.

Last week's trade was one of the heaviest our store has ever had.

Last Saturday's trade was the largest single days' business done for four years.

Why not purchase your goods where the assortment is the largest, the styles the prettiest and the prices the lowest?

Trade in the forenoon if you can as the rush of the afternoon has recently been so great that all could not be waited upon.

FOSTER FURNITURE COMPANY.

For Sale or Trade.

Farms of all sizes for trade on city property. Also city property in all parts of the city for sale or trade. Some elegant lots, very large, east of Taylor street bridge, very cheap. Several other great bargains.
Money to loan on mortgage security.
LOUIS F. CURDES,
Rooms 8 and 9 Pixley-Long Block.

The Real Music Lover..

Wants a Piano that will make music. He likes a quick, smooth action--he likes an instrument that will work with him. He doesn't care much about the outside--give him perfect action inside. These Packard Pianos of ours are perfect inside and outside. Some have cases which are more elaborate than others, but the lowest priced piano in this store, with proper care, will last inside and out as long as you will care to have it. Come in any time and look about.

HE MUST HANG.

Theodore Durrant Will Explate His Crime on the Gallows.

Governor Budd Declines to Extend Executive Clemency.

He Examined Witnesses, Made a Thorough Examination of Evidence and Decides the Jury's Verdict Must Stand.

SACRAMENTO, Cal., June 1.—In passing upon the application of Theodore Durrant, convicted of the murder of Blanche Lamont, for executive clemency, Governor Budd said: "I have carefully considered the evidence produced at Durrant's trial. I have interviewed the witnesses and inquired into their characters and credibility. I have heard all statements made or offered by his attorneys and other persons who might be likely to inform men in this matter.

"A careful and thorough investigation into the evidence in this case and the facts and circumstances attending it, have convinced me that it is not the proper case for my interference. No new evidence has been produced tending to show the innocence of Durrant, or creating a doubt as to his guilt. I feel satisfied that his trial when he was found guilty by a jury, was fair and surrounded and attended by all proper legal safeguards and guarantees.

"After conference with the witnesses I am convinced of their honesty and credibility, and from an examination of the evidence, I feel that it was in itself sufficient in character and extent to have justified the verdict and the judgment passed upon it, while in my investigation I found other material corroborating circumstances, not produced at the trial, which tended further to support the verdict.

"Under such circumstances, finding no irregularity in the trial of the case and that the evidence justified a verdict of guilty, I cannot do otherwise than follow the supreme court and permit the verdict of the jury and the judgment of the lower court to stand."

DURRANT WEPT LIKE A CHILD.

SAN FRANCISCO, June 1.—The main incident of the Durrant tragedy yesterday was a visit paid him by his mother who informed him of the governor's refusal to interfere with the sentence. Durrant lost his self control entirely and wept like a little child. He was removed from his cell yesterday and placed in the chamber of death, as it is called, where he will remain until the end. The announcement that Mrs. Durrant would attend the execution has excited an extraordinary amount of comment. She still maintains her determination to be near her son when the final moment comes.

TWO MISHAPS.

The Steamer "State of Ohio" Disabled Off Ashtabula.

The Valentia Strangely Missing and Grave Fears Are Entertained As to Her Safety.

CLEVELAND, Ohio, June 1.—The "State of Ohio," of the Cleveland and Buffalo Transit line, broke her machinery off Ashtabula last night and became helpless. She was loaded with holiday passengers, who became badly frightened. Help was summoned from Ashtabula and the steamer is now being towed into Cleveland by tugs.

NEW YORK, June 1.—A cablegram from Havana received last night announced that the Ward line officials in that port believe that the steamship Valencia has been wrecked. She left New York on May 20 for Nassau and southside Cuban ports. She was in command of Captain Skillings and had a crew of forty-five all told. All that could be learned last night was there were less than five cabin passengers on board. The Valencia reached Nassau in safety. Officers on the Santiago say that the Valencia left Nassau at 2 a. m. on May 25 for Guantanamo, and she then had only one cabin passenger. The others had disembarked at Nassau. The run to Guantanamo fully occupies forty hours, and a stop of twelve hours is made at that port. After leaving there the Valencia was expected to touch at Santiago, then proceed to Manzanillo and finally to Cienfugos, which is the most eastern point in her voyage along the south coast. Allowing for running time and the usual stops, the Valencia, if all went well, should have entered the tortuous passage leading into Manzanillo bay on last Saturday afternoon. The cablegram from Havana gives no particulars, but officers on both the Santiago and City of Washington, now in port, think that if the Valencia is lost, she has probably struck one of the numerous reefers about Manzanillo.

IN MID-AIR.

The First Double Photograph Has Been Secured.

A Wonderful Invention by William A. Eddy—A Great Instrument for Use During War.

NEW YORK, June 1.—Wm. A. Eddy, has just taken the first double photograph in mid-air that has ever been secured. By his invention it will be possible to take from mid-air a perfect photograph of the entire horizon line. With such an apparatus Eddy claims that a photograph can be taken at sea, which will show a ship approaching when it is ten miles beyond the horizon line, as seen from a ship's deck. The inventor is confident his apparatus can be used to great advantage during war. The photographs today were taken with two cameras, but it is proposed to arrange eight, so that they will photograph the entire horizon at once.

A CUT IN WAGES

Results in a Strike of Non-Union Men.

Three Hundred of Them Quit Work and the Strike Threatens to Spread Throughout the Works.

PITTSBURG, Pa., June 1.—A 10 per cent. cut in wages, affecting all men not under the amalgamated scale, was ordered at Jones & Laughlin's American Iron works today. As a result the open hearth workers and some other employes, in all about 200, refused to go to work last night. The firm employs nearly 3,000 men. The strike will probably cause a shut-down of the entire plant. This morning the strikers gathered about the gates of the mill and gave three cheers. This was evidently a signal, for instantly all the men at work, except the tonnage or amalgamated men, threw down their tools and walked out of the mill. At noon 500 men were on a strike. The night-turn men say they will not go on duty unless the matter is adjusted and this will cause a general suspension, as the tonnage men cannot work without the laborers.

NOT WANTED THERE.

Special Inspector Hampton Roughly Treated.

Boarded a Vessel Engaged in Loading Arms and Ammunition for Cuba and Is Knocked Down.

WASHINGTON, June 1.—The secretary of the treasury has received a telegram from Special Inspector Hampton, at Fort Landerdale, Fla., stating that he boarded the steamer Biscayne off New River inlet at 5 o'clock yesterday morning, while she was transferring arms, ammunition and coal to the Dauntless, and that he was knocked down, disarmed and driven off. This telegram was referred to the attorney general for such action as the gravity of the occurrence may warrant. This is the only information yet received at the treasury department in corroboration of the report telegraphed last night from Fort Landerdale detailing this assault and the subsequent capture of the Dauntless by the cruiser Marblehead. The department officials say they have no doubt that the Dauntless had just returned from a successful landing in Cuba of munitions of war, and her capture is regarded as highly important. The persons who maltreated Inspector Hampton while in the discharge of his duty as a United States officer, it is stated, will be rigorously prosecuted.

SPEAKER REED

Called Down by the Democratic Congressmen.

Republicans Flock to the Party Standard Bearer and Aid Him in Carrying His Point.

WASHINGTON, June 1.—The house today witnessed a sharp attack on the speaker by Representatives Simpson and Richardson because of non-appointment of the committees. On motion of Mr. Dingley, by 98 to 55, the house upheld the speaker's refusal to recognize the resolution of Mr. Lewis, a democrat, of Washington, relative to Cuba as privileged. A special order was to be presented for immediate consideration of a resolution providing for transportation of supplies to India and permitting the use of any vessel, instead of restricting the sending of famine relief to American ships. After further talk by Mr. Simpson and others concerning the alleged autocratic power of the speaker the order was adopted.

The senate resolution to amend the resolution of April 28 for transportation of supplies to India was passed by the house.

ROME, June 1.—A man named Rossi, a discharged table hand in the vatican, today attempted to kill Commander Martinucci, of the major domo's office, through whom he had lost his place. Thinking he had killed his victim at the first shot, Rossi shot himself through the head and will die. The commander will recover.

LOCAL LINES.

The pupils of the Toledo high school will visit this city the latter part of June.

William Dreibelbiss, aged twenty-eight years, died last night at the home of his brother-in-law, Richard Johnson, of liver complaint. The funeral will take place Wednesday afternoon at 1 o'clock from the house.

All newsboys are requested to meet at the City hall Wednesday evening at 7:30 to make arrangements to act as escort to the Grand Rapids Newsboys band, which arrives Thursday morning. Newsboys, do not fail to attend.

New line of Rich American cut glass at Dallas F. Green's.

HANDLED ROUGHLY

Were the Striking San Quentin Prisoners.

Stripped of Their Clothing and Drenched With Cold Water Until They Were Glad to Obey Prison Rules.

SAN FRANCISCO, June 1.—So far as external evidences went, things were in an improved condition at the penitentiary at San Quentin yesterday. In place of the constant shrieking and howling of the preceding days the "bread and water" gang kept a sullen silence.

The state board of prison directors held a special meeting and authorized the warden to shoot down convicts if necessary to restore order. While the meeting was in progress Governor Budd telephoned to Warden Hale and gave him explicit instructions about handling the strikers. He told the warden to notify the convicts that any man who continues to be unruly from this time will be denied the right of restoration to citizenship; and further, that no striker who continues to hold out from this date needs ever apply for executive clemency, for his application will not even be considered. As soon as the meeting adjourned Warden Hale instructed his subordinates to resort to extreme measures. One hundred rifles were borrowed from the armory of Company "D" at San Rafael and sent to the prison. Ten extra guards were employed and placed on the prison walls for the night. At 6 o'clock the captains went into the yard and began operations. "Kid alley," on the side of the prison which contains sixty cells, was the scene of attack by the officers. This alley contains the boys and young men and they made the greatest amount of trouble during the strike. When the officers and guards appeared they were cursed and hooted as usual. Each cell from which came a sound was marked and the inmates taken out and relieved of most of their clothes. Captain Birlem then ordered out the fire hose. The nozzle was poked into the wicket of each cell and the convicts were thoroughly drenched. This operation was continued until 8 o'clock and finally the yelling cursing ceased. It is proposed to send a number of the ring leaders of the strike to the branch prison at Folsom, where the work consists of quarrying granite.

WORK OF BRUTES.

Samuel Jervis Kills His Sweetheart.

Tramps Beat Owen Mullen Into Unconsciousness and Then Throw Him From a Freight Train.

NEW ORLEANS, La., June 1.—Samuel A Jervis, a switchman, forty-four years old, stabbed to death Mrs. Bertha Johnson, aged thirty years, this morning, at the home of John McLean, No. 314 Newton street, Algiers. Jervis then inflicted wounds in his stomach and cut out his entrails. He will die. Jervis was jealous of the woman and the killing was brought about by the declaration of the woman that she intended to quit Jervis and live elsewhere.

CLEVELAND, Ohio, June 1.—Owen Mullen, of this city, was terribly beatten by tramps and then thrown from an Erie railway train early this morning. He was found lying with a fractured skull in the Cleveland rolling mills yards. He is dying at the hospital.

HORRIBLE!

Five Children Perish in a Burning House.

Enemies of the Family Apply the Torch While the Father and Mother Are Away.

WHEELING, W. Va., June 1.—Five children were burned to death in the residence of J. H. White, two miles from Keystone, last night. Enemies of the family are believed to have fired the house. Both White and his wife were away on a visit, and their five children were left alone in their farmhouse. The children had retired when the fire was started.

The children who met death were a boy of twelve years, one of ten, one of six, one of four, and a girl of six. Bloodhounds will be used to trace the perpetrators.

DOCTORS MEET.

Nearly 3,000 of Them Assemble in Convention.

The Celebration of the Golden Jubilee Made the Occasion for an Unusual Display of Enthusiasm.

PHILADELPHIA, Pa., June 1.—The American Medical association began the celebration of its golden jubilee today and will continue four days. The convention was called to order by the president, Dr. Nicholas Senn, of Illinois. Members and their wives to the number of over 3,000 had registered. Mayor Warwick welcomed the association on behalf of the city, and Hon. Charles Emory Smith on behalf of the state. After the committee on arrangements had reported, President Senn delivered his annual address. The report of the committee on the Rush monument fund, which followed, was an appeal for means to erect a more suitable memorial than the present amount on hand permits.

ACQUITS SEARLES.

Judge Bradley Orders the Jury to Bring in a Verdict.

The Questions Asked by the Senate Were Not Pertinent Nor Within Its Jurisdiction.

WASHINGTON, June 1.—In the case of John E Searles, the sugar trust witness, Judge Bradley this morning ordered the jury to bring in a verdict of acquittal, holding that the questions asked the witness by the senate committee were not pertinent, and if so, were not within the jurisdiction of the committee.

The judge's opinion was exhaustive. It had been reduced to writing. He pointed out that Mr. Searles had testified specifically that no money had been contributed by the sugar trust to the national campaign or for the purpose of influencing legislation or the election of United States senators. As to the local contributions Mr. Searles had testified that he did not know how the contributions had been used, by whom or for what purpose. The questions put to the defendant were claimed to be pertinent to the second and third divisions of the senatorial inquiry, namely, as to whether the sugar trust had contributed sums to campaign funds with the purpose of influencing the election of a United States senator and whether any senator had been a party to a compact with the sugar trust. Certainly, the judge said, a simple investigation as to whether the sugar trust had contributed to a campaign fund would be an unwarranted search into the private affairs of the company and plainly beyond the power of the senate. The senate committee had reported that no testimony had been produced to show that the sugar trust had made any contributions to any national campaign fund or for the purpose of affecting legislation.

If money had gone for the purpose of electing members of the state legislatures who in time would elect a United States senator, it was beyond the power of the United States senate to go behind the election of legislative members.

If this were true as to state matters, how much more true was it of local elections. It would be the wildest conjecture to assume that the money so contributed in any way had gone to make up the sugar schedule. It appeared from the report of the committee they were not in the possession of any facts upon which they could base the most remote hope of showing an ultimate connection between the sugar trust's contributions and the sugar schedule. Under these circumstances it must be held that the questions asked were not pertinent, and if construed to be pertinent that they were an unwarranted prying into the private affairs of the company and therefore beyond the jurisdiction of the senate. Judge Bradley therefore sustained the motion of the defense and ordered the jury to return a verdict of acquittal. The jury accordingly rendered a verdict of not guilty and Mr. Searles was free. The cases of E. J. Edwards and John S. Shriver, the newspaper correspondents, were postponed until next Monday.

MODERN WOODMAN

The Head Camp Opens Its Biennial Session.

The Fulton Faction Gets a Black Eye at the Hands of the Delegates.

DUBUQUE, Iowa, June 1.—The head camp of the Modern Woodmen opened its convention here this morning, the meeting being called to order by Head Consul Northcott. An address of welcome was delivered by Mayor Duffy, the response being made by Mr. Northcott. The convention then appointed committees on resolutions, elections, order of business, salaries and compensation, appeals and grievances. After the transaction of minor business the convention adjourned until afternoon.

The decisive action of state caucuses last night appears to have settled the question of election of officers. The report of delegates-at-large, who have just completed an investigation of the affairs of the order, is understood to be emphatic in its denunciation of the Fulton faction and as strongly favorable to the present administration. The city is beautifully decorated and the streets crowded with delegates and visiting Woodmen.

YELLOW FEVER.

The Dread Disease Appears Aboard the Steamer Alliancia.

NEW YORK, June 1.—J. Angus McLellan, a second-cabin passenger on board the steamer Alliancia, which reached this port today from Colon, died of yellow fever yesterday at sea. He was a civil engineer from Picton, N. S., and probably contracted the disease at Panama. Herbert Gil, a waiter on the Alliancia, was also taken ill with yellow fever on May 27. The other cabin passengers will be detained on Hoffman Island for five days.

John Hellwarth, of Butler street, will wed Miss Emily G. Wolf, a young lady of New Haven, the nuptials to be celebrated at the bride's home on June 16.

MUCH MONEY

Will be Distributed at the Race Meeting in This City.

Big Preparations Being Made for the Event —Some of the Horses Which Will Appear.

Big preparations are being made for the races which will be held this year the week of August 9 to 11. More money is hung up to be raced for and every great stable of note is expected. Commenting on the stake races which closed April 15, the Turf, Field and Farm, of New York, has the following to say regarding the Fort Wayne stakes:

The official list of entries of the grand circuit meeting of the Fort Wayne, Ind., Driving club has been received, and it makes a very flattering showing. The stake for three-year-old trotters has eighteen entries, including Directina, by Direct; Imerine, by Alerton; American Bell, by Rex Americus; the sensational filly, Fanny Foley, by Redwood; Dynamite, Soon Enough and Honey. The last are all by Direct. The stake for three-year-old pacers has twenty entries, including Red Seal, by Red Hart; Besiege, by Cecilian, Sateen Onward, by Shadeland Onward; Miss Margaret, by Direct; Gerald Rex, by Rex Americus; Future Princess, by Chimes; Voloreet, by Direct, and Sweet Fern, by Red Fern. The 2:28 class stake for trotters has thirty-one entries. The stake for the 2:20 class trotters has thirty-one entries.

Twenty-two nominations are made in the 2:12 class for trotters, and judging from the nominations this race will be one of the attractions of the Fort Wayne meeting. The entries are Chance, by Mohecon; Piletta, by Pilot Medium; Rizpath, by Haroldmont; Grace Hastings, by Bayonne Prince; Fred B., by Reveille; George J., by Ayre's Gift; Elloree, by Abbotsford; Boreal, by Bow Bells; Newcastle, by Cornelian; Athanio, by Junior; Walter S., by Fred S. Wilkes; Derby Princess, by Charley Derby; Dick Hubbard, by Allandorf; Oak and Baron, by Baron Wilkes; Abnet, by Ambassador; Aster, by Dexter Prince; Minuette, by Strathmore; Instant, by Starter; Cephus, by Cyrin; Baron Crisp, by Baron Wilkes, and Marguerite, by Intrigue. Forty-two entries are made in the 2:20 class for pacers, and most of the nominations are animals with little or no reputation on the turf. The best known ones, however, are Silver Chimes, by Almy Chimes, Sphinx; Hi-Noon, by Duncan; Mary Wells, by Director; Marcastle, by Mar Caspio; Miss Margaret, by Direct; Zenith, by Egotist; Princeway, by Steinway; Elsinora, by Heir-at-Law; Sky Pointer, by Brown Hall; Mojada, by Pilot Medium; Ed. B. Young, by Direct, and Wyreka, by Elbert W. The 2:14 class for pacers has 19 entries, none of them having been particularly prominent last season. The sensational class of the entire list of stakes will be that for 2:08 pacers, which has the remarkable number of 24 nominations. The entries are Judge Swing, 2:08¼; Miss Jennings, 2:08½; Guinette, 2:08; Nelly Bruce, 2:10½; Phenol, 2:07¼; Patti D., 2:12¼; Mocking Boy, 2:08½; Heir-at-Law, 2:07¼; Vern Capel, 2:07¼; Frank Bogash, 2:10¼; Atlantic King, 2:09¾; Bright Light, 2:08¼; Afrite, 2:07¼; Bumps, 2:08¼; Pearl Onward, 2:10¾; Sphinxetta, 2:08½; Badge, 2:07½; Aileen, 2:07½; Hail Cloud, 2:08¾; Agitator, 2:09¼; Planet, 2:09½; Jo-He, 2:08¾; Valleau, 2:11, and Royal Victor, 2:08¼.

$14,000 will be distributed in stakes and $10,000 in class races, the program for which will be announced in a few days. One of the features of the class program will be a $2,500 purse, open to all pacers. It is believed by the management that this amount of money will attract every great free-for-all pacer in the country, and the horse-loving public will be given an opportunity to see such stars as Frank Agan, Star Pointer, Joe Patchen, John R. Gentry, and the invincible Robert J. in one of the greatest races of the year.

ON THE BOOM.

The Wheel Craze at Its Height--Dealers Have Difficulty in Getting Some Wheels.

The bicycle business is now booming. This business opened up later than usual due to the backward weather, but every one is getting the wheel craze again. Some of the dealers are having trouble to get wheels, as was predicted by the knowing ones early in the season. This applies to the better grade of wheels. Cheap wheels are always plentiful, but inquiry at some of the leading stores show that on the high-class machines they are behind. The makers of one wheel claim that the factory today is over 3,000 wheels behind on orders, and on some models their customers still have to wait for ten days or such a matter.

Your Eyes

Need attention, you have delayed having them tested. Every day has added to your difficulty. We respectfully refer you to any of our customers and solicit your patronage. All work guaranteed. Dallas F. Green, expert optician, No. 3 Arcade.

New Resort Opened.

SALT LAKE, June 1.—Salt Air Beach, one of the popular bathing resorts on the great Salt Lake, was officially opened today. Numerous trains were run from the city throughout the day and thousands of people visited the beach.

AFTER TOLL ROADS.

Farmers Bring Proceedings Against One of Them.

An Attempt Being Made to Have the Maumee Avenue Gravel Road Company Forfeit Its Charter.

A case of vital interest to the farmers of Allen county is on trial before Judge O'Rourke in the circuit court. It is the case of John George Lanz vs. the Maumee Avenue Gravel Road company, in which the plaintiff desires to show that the road is not kept in repair by its owners and demands that the company be compelled to make certain improvements. If the judge finds for the plaintiff the improvements must be made under the jurisdiction of an engineer selected by the court and within a certain time. If the improvements are not made then the charter of the road can be forfeited. This is the hope of the farmers who are backing Mr. Lunz in the suit. They believe that the company cannot afford to make the necessary improvements and the result will be that the road will be free. The county commissioners have offered the company $4,500 for the road, which they refused to accept, placing the price at $6,100. The court room is crowded during the trial with farmers interested and the case will be a hotly contested one. Hon. W. G. Colerick and Henry Colerick appear for the plaintiffs and Breen & Morris for the defendants.

COURT NOTES.

William Michael begins suit in the superior court for divorce from Ethel Michael. The parties live in Adams township and the plaintiff avers that they were married February 18, 1896, and have no children. That the defendant has treated him cruelly and inhumanly and having left him, associates with men of bad repute. P. B. Colerick penned the complaint.

In the case of Louis M. Kyler vs. Minnie M. Kyler Judge O'Rourke this morning granted defendant a divorce on cross-complaint. The mother was also given custody of the child.

Clemintine Miller has filed his bond as notary public.

Marriage licenses have been granted to James T. Johnson and Luella Schneider and Frank L. Moffett and Maggie T. Eggemann.

STRIKE FUND.

The First Installment, $100, Has Arrived

And Was Divided Today Between the Striking Journeymen Bakers--Other Interesting Notes.

That the strike of the journeymen bakers against the bosses is farther from being settled than ever is strongly in evidence today and the outlook for a settlement is not bright.

Yesterday the president of the Journeymen Bakers' union, James A. Snyder, received from Secretary Henry Weissman, of the International Journeymen Bakers' and Confectioners' Union of America, a check for $100, being the first installment of the strike fund to which the strikers are entitled from the international treasury. This insures the strikers against want and guarantees them support for a time, at least. From now on, each week for a term of weeks, under the laws of the international union, the strikers will receive money from their international union treasury.

The strikers have ordered 5,000 bread tickets printed and tomorrow will send out a large force of women agents to sell the tickets to the private house trade of the boss bakers. The advertisement for women agents at a good commission appears in another column of THE SENTINEL.

Streamers reading, "Journeymen's Union Bakery," have been ordered painted and will be put on all the wagons of the Journeymen Bakers' union, thereby giving the public a chance to distinguish the wagons of the strikers.

SMITH SHOWED UP

After an Absence of Nearly Seven Years.

DETROIT, Mich., June 1.—Charles H. Smith has returned to this country. On May 14, 1890, Mr. Smith, then a prominent business man of Detroit, mysteriously disappeared. His estate was probated June 19, 1890, and he was declared legally dead. Six months ago his closest friend, James Vernon, heard from him, and yesterday Mr. Vernon returned from New York where he had met him. Financial reverses, it is said, drove Mr. Smith away, and he says he never will come back to Detroit.

Mr. Smith was formerly a member of the firm of Pingree & Smith. He left Detroit one night on a sailing vessel. He has visited South America and China and until today his family was kept in ignorance of his whereabouts.

Notice.

All members of B. of R. T. are requested to be at the hall tomorrow morning at 9 a. m., corner Superior and Calhoun, for the purpose of taking part in the reunion.

BY ORDER OF COMMITTEE.

A BIG THING.

Plant to Furnish Light, Heat and Power.

Messrs. Bash and Paul Have in Contemplation the Launching of a Big Enterprise in This City.

Messrs. Chris S. Bash and Henry C. Paul have in contemplation the erection of a plant to furnish power, heat and light which is the biggest private enterprise attempted by local capital in this city for many years. To all intents and purposes the stupendous scheme appears to be practical. The promoters have investigated far enough to satisfy themselves that such a plant would be well patronized. If they could induce the county commissioners to use their commodity the plant would be a sure go. A proposition has been made to the board which may be accepted if the present unsatisfactory status of the tunnel matter results in the abandonment of the tunnel. In that event the plant will be placed as quickly as material and machinery can be procured. The basement of the Bank block has been selected for the station, from which place the court house would be reached by a small tunnel under Court street. While the securing of a long contract to furnish light, heat and power to the court house has much to do with the decision of Messrs. Bash and Paul in the matter, it is by no means an improbability that the plant will be established for the purpose of creating a service that will be generally used in the central or business district. Plants of this kind are in successful operation in several cities, and especially in the larger places, where they have come to be regarded not as a convenience alone but a necessity. Such an enterprise would require an immense outlay of capital at the outset.

HIGHLY ENDORSED

Newsboy Band Complimented by the Mayor of Grand Rapids.

Mayor Scherer is in receipt of the following letter referring to the Newsboy band, which will appear at the Masonic Temple next Thursday evening:

GRAND RAPIDS, Mich., May 15, '97.
Mr. Henry P. Scherer, Mayor of Fort Wayne Ind

DEAR SIR:—I have just learned that the Evening Press Newsboy band of our city has planned an extended concert tour, and that Fort Wayne is included in the list of fortunate cities to be visited. I desire to say in this connection that this band, made up of thirty-six newsboys taken from the streets of Grand Rapids, has come to be an organization of which our citizens are very proud. Their concerts are most interesting, entertaining and instructive, and I heartily commend them to the good offices of the residents of your city.

The work that the Evening Press has done in the interests of our dependent newsboys has borne splendid fruit, and the result is plainly noticeable in the improved condition of the 1,200 newsboys that are cared for by the Press. I do not believe that the world can show a charitable work productive of more genuine good than that carried forward by our courageous little evening paper, and as a citizen of Grand Rapids and a friend of the dependent youngsters, I am especially desirous of seeing their efforts succeed; therefore this letter relating to the excellence of the Newsboy band, which, in the opinion of those most likely to know, is the best juvenile band in the country.

Any kindnesses that your people may see fit to bestow upon our boys will certainly be appreciated.

Very truly yours,
LATHROP C. STOW, Mayor.

PRETTY PLAYMATES

For Professor Beery Were the Two Young Colts.

A pretty sight met the eyes of the large audience of ladies and gentlemen at the tent where Prof. Beery's horse training exhibition is given each evening. Escorted by two gamey youngsters, and whip in hand, Prof. Beery walked around the ring, the colts walking by his side and rubbing their noses playfully against his face and at times against the whip, of which they had not the least fear. When these delightful entertainments were first given many people thought they were for professional trainers and horse jockeys. Later a good many went out of curiosity. Now every word of the professor's is drunk in eagerly by the ears of almost every man and woman that drives a horse. Prof. Beery is second to none in his craft, and many expert horsemen believe him to be a more successful trainer than the great Gleason, whose reputation is world wide.

Tonight special subjects, one a runaway that the professor will go after during the day and some other bad actors will be on hand.

GYPSY CARAVAN.

Members of a Nomadic Race Encamped South of the City.

About forty gypsies are encamped in a scrub-oak hollow on the Broadway road two miles south of town. Their caravan comprises eleven covered wagons, twenty-eight boney-yard horses, over a dozen bronzed women bespangled with tawdy jewelry, a score or two of barefooted children and a brace of brown faced men in the uniform of the cactus plains of the southwest. The rollicking, care-free children were trooping about in the dust of the road last evening defying bicycles and the rules of civilization generally. It is understood that the vagrant party is on its way from central Ohio to northeastern Missouri on its annual tour of peddling and horse trading. The police in the southern end of town are keeping the gypsies under close surveillance, but so far they have conducted themselves peacefully.

OF A HIGH ORDER.

Was Mrs. Jennie Ray Ormsby's Class Recital.

Work Now Closed for the Season--Physical Culture Gaining Ground in Fort Wayne--What the Work is.

The last of the three pupils' recitals which close Mrs. Jennie Ray Ormsby's work in physical culture this spring was held at the class room in the Sons of Columbus hall last evening, in the presence of about two hundred guests. It was a form of entertainment that appeals strongly to the cultivated tastes and is a work so elevating as to deserve especial mention, that the public may know its merits. For the past few years a work has been steadily growing in our midst, the importance of which cannot be easily overestimated. This is the work of Mrs. Ormsby's classes. It is a system of self culture, founded upon the Emerson method of physical training for health, grace, beauty and soul-expression, and the Emerson method of psychological development through the natural evolution of expression as taught in the New Philosophy of Expression. The aim of the work is a rounded development, to cultivate harmoniously the body, mind and soul.

The excellence of physical culture thus taught lies not only in the grace of movement, symmetry of form and an ennobled presence but in that it develops health and strength. Nervous disorders, lung and stomach troubles and curvature of the spine have been benefitted and frequently entirely cured by the practice of these scientific physical exercises.

The system of teaching the art of expression is unique in that no mechanical methods are used. The pupil is developed through progressive steps of mental growth. All the activities of the mind are strengthened and quickened, the imagination is disciplined, the emotions deepened, the sympathies broadened and the will cultivated to guide and direct the flow of thought and feeling in full and adequate expression. Through the constant study of refined and ennobling literature for the work of expression, a refined literary taste is cultivated, a love for truth, beauty and goodness deepened, and a broader, nobler, sweeter personality developed.

The work as a whole ennobles the character and lends the soul a refined responsive physical organization through which to manifest itself. The success attending Mrs. Ormsby's efforts have been readily seen in the recitals lately given. Having graduated from the Emerson School of Oratory, of Boston, with the degree of bachelor of oratory, she possesses those attributes and qualifications so necessary in physical culture teaching.

The program last evening consisted of marches and drills and literary numbers. The ladies were costumed in empire gowns, beautiful in their simplicity and adding grace to the drill effects. The gentlemen, who wore suits of white duck trousers, tan shirts and blue coats, rendered the literary part of the program, which was intensely interesting, and exhibited a good understanding of the science of elocution and a knowledge of emotion and expression. Mrs. Ormsby's classes are now closed until next October. She will soon leave for the east to continue her studies and will return better prepared than ever to carry on a good work.

Lay All to the United States.

MADRID, June 1.—General Bernaral, who has just returned to this city from the island of Cuba, has had an interview with the minister of war, General Azcarraga, in the course of which the minister was informed that the prolonging of the rebellion in Cuba was only due to the assistance which the insurgents received from the United States.

INDICATIONS are that the contest for the control of Greater New York is going to be a circus. Tammany expects the tiger to be foremost in the menagerie department

THE terms of thirty United States senators expire in 1899. This means at least five or six legislative deadlocks, blocking business and depriving the people of their rights of representation

A TERRE HAUTE man once boasted that he used to walk five miles to court his wife before marriage. And now he objects to walking a block early in the morning for the meat and groceries for breakfast, but makes his wife trot out for them.

WASHINGTON IRVING evidently didn't love the critics. He once said: "Critics are a kind of freebooters in the republic of letters—who, like deer, goats and divers other gramnivorous animals, gain subsistence by gorging upon buds and leaves of the young shrubs of the forest, thereby robbing them of their verdure, and retarding their progress to maturity."

THE laying out of 40,000 acres for the purposes of a colony near Albany, Ga., is doubtless the result of the apparent success of the soldiers' colony at Fitzgerald, Ga. The colony experiment carries with it that of small farming and fruit and vegetable raising, for which there are some reasons for believing the south is better adapted than the northern states. The Georgia experiments embrace the idea of central villages and one large town. Time alone will demonstrate the feasibility of the scheme.

A WICKED Kennebec (Me.) reporter tells his favorite home paper that on the morning after the pastor had practiced on his new bicycle in the seclusion of one of the rooms in the chapel, the janitor, who had discovered a zig-zag trail in that room, came to the pastor for advice. He wasn't sure but the serpent that tempted Eve had been leaving its sinuous mark on that chapel floor and he was greatly perturbed in spirit.

THERE is a growing disinclination on the part of business women to accept seats in street cars from men; they want no concessions simply because of their sex. But this suggests the matter of physique, which must not be overlooked in considering the problem. Men are physically stronger than women and when it becomes a question of strength and weakness, as, for example, when the omnibus or railway carriage is swaying, and it requires considerable exertion to stand on one's feet, the stronger of the two should give place to the weaker, whether man or woman.

AN American newspaper having sent out the question, "Can a politician be a Christian?", announces replies from Roger A. Prior, the Rev. W. H. Milburn, Theodore Roosevelt, Gen. O. O. Howard, Chauncey M. Depew, Miss Frances E. Willard, Cardinal Gibbons, Dr. McCosh, John J. Ingalls and others. The answers, it is needless to say, are various Mr Ingalls briefly responds that "all things are possible with God," and Miss Willard uses the same expression with some qualifying phrases which indicate that she thinks God is pleased to exercise His power in that direction on rare occasions. The Rev. W. H. Milburn, who has been chaplain of the United States house of representatives, settles the question by saying that he has personally known many public men—by which he means politicians—who were Christians. Cardinal Gibbons thinks that a Christian politician is a possibility, but says there seem to be many politicians who are not Christians. Dr. McCosh says that "every politician should be a Christian," which is equivalent to saying that he can be since no man is required to be what he cannot be. General Howard, who knows a great deal about religion, whatever he knows about politics, says: "If by Christian is meant a believer in Christ and a follower of Him, and a politician means one who devotes himself conscientiously to the solution of political problems, the answer, of course, is in the affirmative." Chauncey M. Depew says he "sees no antagonism between politics and Christianity"—taking each in its true sense. Theodore Roosevelt believes that no man can do creditable work in politics unless he applies therein the rules of Christianity and of morality. It should be recognized that any American citizen of "sound mind and disposing memory" is as capable of answering the question as any of the eminent citizens whose replies are here given. Taking the mass of such and their answers would be in about the same tenor as the few given. Nearly every man believes that there is nothing in the fundamental teachings of Christ incompatible with the life and work of the American politician as he ought to be and as he might be. A politician discarding the low views of morals frequently entertained by his class and walking in the higher faith might be an immense popular success.

The People Are Looking to....

Congress

---for---

Relief....

They need not wait till Congress meets, they can get it right here. Relief from the heat, and from poor clothing at high prices. We have a policy that is safe, sound and sure. One man's dollar is equal to every other man's dollar, and every man's dollar is at a premium when invested in our clothing. Congress can't make money for you as fast as you can make it in buying our clothing at present prices.

A "Democratic Mother" Talks.

Editor SENTINEL.

I noticed a communication in your paper on last Saturday evening, signed "Mother." Now, Mr. Editor, "Mother" seems to be much exercised over the fact that Dr. Boswell stated in an interview with a Gazette scribe that he would be democratic all the time if he should be elected to the office of school trustee, and thereby "Mother" seems to criticise Dr. Boswell because of his very significant attitude in the matter. Now, mamma, you have big girls, I know, and they are teaching in the city schools, and I know you are a good republican mother, and you think that if Dr. Boswell gets to be a school trustee that the doctor meant by being democratic all the time that he would turn out some republican girls and put in some democratic girls for teachers in our city schools. Now, mamma, don't you think yourself that that would be just? Just look at it for a moment. There are from thirteen to fifteen schools in this city and the principals of all of these schools are daughters of republicans, with the exception of our dear friends Frank Hamilton and Miss McClure; and about 7-10ths of the teachers under the principals are the daughters of republicans. Do you think that is fair in a democratic city? I don't. I think that if I have some big girls competent and willing to teach, that one of them should have a chance to teach in the city schools. I do hope that Dr. Boswell will be elected school trustee, and that he will see that justice is done to the democratic families having daughters capable of teaching, something that has not been done for a number of years

SUNDAY SCHOOLS.

Two Conventions Largely Attended and Interest Shown.

The Meetings Were Held in Jefferson and Perry Townships—Officers Elected.

The annual Sabbath school convention of Jefferson township was held at Maples, M. P. church, May 24 and 25, with William Bowers, township president, and Libbie Brewer, secretary. It was one of the largest and one of the best meetings that has been held in the county.

Monday evening the schools of the township listened to a very interesting address, led by Mr. A. D. Craig Subject, "The Bible in the Sabbath school."

Tuesday morning, at the close of the opening devotional exercises, County Missionary, Mr. Hart, talked to the convention. Theme, "More Successful Work in the Sabbath School." The rest of the day was filled with recitations by several young ladies and addresses by Revs. Tinkham, Farout and Mr S. F. Bowser, of Fort Wayne, interspersed with music.

With a short talk by the president the meeting closed, all feeling that it had been time well spent in the service of the Lord and that much good is being done throughout the land through the Sabbath schools. The next convention will be held some time in July.

PERRY TOWNSHIP CONVENTION.

The Perry Township Sunday School convention, which was held at Robinson chapel last Friday night was a big success. Friday evening the house was filled with very attentive listeners. First was a song service, followed by an address of welcome by Rev. R. Jones. "Our Purpose and How to Accomplish It," was the subject of County President B. W. Hart's address. Next was an address by A. M. Wight.

Saturday morning at the hour appointed the church was completely filled, which is evidence that the people of Perry township think these conventions are full of good spiritual food. There was a song service and a Bible study. "Relation and Responsibility of the Pastor to the Sunday School," was discussed by Rev. W. E. Murray, Rev. R. Jones and others. Next was the superintendents' conference; subject: "My Ideal Sunday School and How to Make it So." Chairman Hirsh appointed the following committee: Mrs. F. C. West, Miss Ida Garman, George Gloyd and Mary Comiskey.

We were all directed to Mr. Moody's new barn for dinner, where we found two tables the length of the building loaded with all the good things enjoyed by the inner man. After a bountiful dinner and a good social time, ice cream was served and all returned to Chapel, where Mr. and Mrs. Hart conducted one of the most interesting children's meetings ever held in the township. Officers were elected as follows: President, J. W. Hursh: vice president, George Gloyd; secretary, Miss Ida Garman; treasurer, Jerry Surfus; superintendent of home class department, Miss Mary Comiskey.

MISS IDA GARMAN, Secretary.

MADISON TOWNSHIP CONVENTION.

The Madison township Sunday school convention will be held at the Massillon Lutheran church next Saturday evening and all day Sunday. A good grogram has been arranged. Alexander Johnson, of Fort Wayne, will be one of the speakers.

SPLENDID PROGRAM

To be rendered by the Wesleyan Brotherhood at Trinity M. E. Church.

The following program will be rendered by the Wesleyan Brotherhood at Trinity M. E. church, corner of Cass and Fourth streets, tonight:

Piano solo	Miss Selroy

LOST THEM BOTH.

The Youngstown Club Continues to "Hoodoo" Our Own.

Although Darby and Severs Twirled Effectively, Luck Was Against the Maroons—Scores—Notes

INTER-STATE LEAGUE.

	Won.	Lost.	Per Cent.
New Castle	20	12	.625
Dayton	16	14	.533
Toledo	17	15	.531
Springfield	13	14	.481
Youngstown	14	16	.467
Fort Wayne	13	15	.464
Wheeling	13	16	.448
Mansfield	13	17	.433

The Fort Waynes lost both games at Youngstown, although they out batted the home club and did not field so very much worse. The element of luck entered into both games and had Fort Wayne received its share the result would have been different. Darby and Severs both pitched good games. The attendance at the two games is reported at more than 4,000. The teams play again today, lay off tomorrow and Fort Wayne then goes to New Castle for three games.

The score:

INNINGS ... 1 2 3 4 5 6 7 8 9
Fort Wayne 0 0 0 2 0 1 0 0 2—5
Youngstown 3 0 0 1 1 0 0 1 *—6

Batteries—Severs and Campbell, Jordan and Zinram. Base hits—Fort Wane, 10; Youngstown, 9. Errors—Fort Wayne, 3; Youngstown, 1. Earned runs—Youngstown 2; Fort Wayne, 2. Two base hits—Musser, Rickert, Royce, Kihm, Babb, Severrs. Three base hits—Steen, 2; Campbell. Stolen bases—Musser, Zinram, Berry, Cooke. First base on balls—Off Jordan, 1; off Severs, 1. Struck out—By Jordan, 6; by Severs, 3. Double play—Hagerty to Kihm; Cooke to Kihm; Berry to Royce. Umpire—Keefe. Time of game—2:40.

INTER-STATE GAMES YESTERDAY.

NEW CASTLE, Pa., June 1.—Toledo forfeited the morning's game by failing to appear on the grounds. The afternoon game they easily won, New Castle putting up a very ragged game of ball, in which there were no special features. The score:

Toledo........3 0 1 0 0 0 3 0 3—10
New Castle...0 1 0 0 2 0 1 0 0—4

Base hits—New Castle, 11; Toledo, 12. Errors—New Castle, 7; Toledo, 1. Batteries—For New Castle, Hickman and Donovan; for Toledo, Kelb and Arthur. Umpire—O'Brien.

MANSFIELD, Ohio, June 1.—Mansfield defeated Springfield yesterday morning and afternoon. One thousand persons were in attendance in the morning and 3,000 in the afternoon. Beadle pitched both games for Mansfield, but weakened considerably in the last inning of the afternoon game. Mansfield's splendid batting and sharp fielding in the morning game and Latham's coaching and wholesale base stealing were the features of the game. The score:

Mansfield ...2 0 1 1 4 2 0 2 0—12
Springfield....0 0 3 0 0 0 0 0 0—3

Base hits—Mansfield, 16; Springfield, 2. Errors—Mansfield, 1; Springfield, 5. Batteries—Beadle and Lynch; McIlvaine and Williams.

Afternoon game:

Mansfield . . 1 2 0 5 0 4 2 0 4—18
Springfield... 4 1 0 0 1 0 1 0 7—14

Base hits—Mansfield, 17; Springfield, 16. Errors—Mansfield, 3; Springfield, 3. Batteries—Beadle and Lynch, Whittridge and Stevick Umpire—Colgan.

WHEELING, W. Va., June 1.—The attendance was large at both games, each team securing a victory. Score of morning game:

Wheeling ..2 2 0 5 0 5 0 0 0—14
Dayton .2 0 0 1 0 1 3 0 4—11

Hits—Wheeling, 15; Dayton, 12. Errors—Wheeling, 3; Dayton, 2. Batteries—Garvey and Messitt, Brown and Greenwald. Umpire—McNamara.

Afternoon game:

Dayton .. ..2 0 3 0 1 6 0 0 *—12
Wheeling ....2 0 0 0 1 0 0 0 0—3

Hits—Wheeling, 7; Dayton, 15. Errors—Wheeling, 2; Dayton, 1. Batteries—Campbell and Messett, Rieman and Greenwald. Umpire—McNamara.

RESULTS YESTERDAY.

National League—Chicago, 4; Baltimore, 6; Chicago, 6; Baltimore, 6. Louisville, 4; Philadelphia, 2. Philadelphia, 14; Louisville, 0. New York, 10; Pittsburg 2. Cincinnati, 4; Washington, 3. Cincinnati, 4; Washington, 3. Brooklyn, 5; Cleveland, 2. Boston, 25; St. Louis, 5.

Western League—St. Paul, 16; Columbus, 2. St. Paul, 12; Columbus, 10. Milwaukee, 7; Grand Rapids, 6. Milwaukee, 8; Grand Rapids, 3. Detroit, 4; Minneapolis, 0. Minneapolis, 7; Detroit, 6. Indianapolis, 8; Kansas City, 5. Indianapolis at Kansas City—Called.

Western Association—Cedar Rapids, 6; Peoria, 3. Rockford, 8; Dubuque, 5. Burlington, 12; Des Moines, 7. Quincy, 6; St. Joseph, 3.

Michigan State League—Bay City, 12; Lansing, 8. Bay City, 6; Lansing, 5. Jackson, 7; Saginaw, 0. Saginaw, 7; Jackson, 3. Kalamazoo, 4; Port Huron, 0. Port Huron, 10; Kalamazoo, 6.

NOTES.

Cooke made four hits and three errors in the two games Decoration day

Fennimore has asked Manager Rhinehart for his release from Springfield and it will probably be granted.

Gaffney, W. Raidy and George Judy played with the Warrens against Huntington last Saturday. Warren was defeated 17 to 12. Gaffney's curves were lambasted hard after the sixth inning.

Collars has received a telegram from the Wilkesbarre club ordering him to report in Toronto immediately to play with the team. The telegram was forwarded to Collars, who is with the Fort Wayne team.

Captain Cooke has received orders to sign a fast, hard-hitting outfielder. How would Youngstown have liked to trade Joe Rickert for Senders and a pitcher, anyhow? Joe would like to play here.

Toledo Bee: "Manager Strouthers threatens to disrupt his team by releasing 'dead ones.' Con better look out or he will be releasing himself, for he certainly is decaying rapidly, and has been dead so long that mortification is setting in. It is a question if Strouthers ever could play good ball; if he could, it was some time ago."

Toledo Bee: "Umpire Harry Colgan is umpiring base ball for a living, and does not intend that any disorderly ball player shall put him out of the business. Colgan was a steel worker at Homestead and took part in the famous Homestead strikes. For this he was blacklisted and has not been able to secure a day's work at his trade since."

REAL ESTATE SALES.

The Deeds Which Have Been Filed for Record.

The Dreibelbiss Abstract of Title company, No. 25 Court street, furnishes the following accurate list of transfers, filed for record since our last issue:

Mary Miller and Conrad, her husband, to John Miller, lot 5, Schaich's addition, for $2,500.

Lyman M. Blakesley (widower) to Deidrich H. Meyer, lot 35, Charles Hanna's addition, for $1,100.

Joseph Racht (unmarried) to Henry Racht, 60x175 feet of Barnett's out lot 4, for $1.

Joseph Racht (unmarried) to Chemens Houser, 38x162½ feet of Barnett's out lot 4, for $1.

Joseph Racht (unmarried) to Katie Houser, 59x176 feet of Barnett's out lot 4, for $1.

Joseph Racht (unmarried) to Annie Kennard, 76x162¼ feet of Barnett's out lot 4, for $1.

William Harrison and Mary A., his wife, to Samuel M. Foster, lot 52, Lakeside Park addition, for $1,000.

George W. Tepe and Nettie J., to A. D. Whitman, lot 3, in the town of Dunfee, Allen county, Indiana, for $40.

Something to Depend On.

Mr. James Jones, of the drug firm of Jones & Son, Cowden, Ill., in speaking of Dr. King's New Discovery, says that last winter his wife was attacked with La Grippe, and her case grew so serious that physicians at Cowden and Pana could do nothing for her. It seemed to develop into Hasty Consumption. Having Dr. King's New Discovery in store, and selling lots of it, he took a bottle home, and to the surprise of all she began to get better from first dose, and half dozen dollar bottles cured her sound and well. Dr. King's New Discovery for Consumption, Coughs and Colds is guaranteed to do this good work. Try it. Free trial bottles at Dreier Bros.' drug store.

Old People.

Old people who require medicine to regulate the bowels and kidneys will find the true remedy in Electric Bitters. This medicine does not stimulate and contains no whisky nor other intoxicant, but acts as a tonic and alterative. It acts mildly on the stomach and bowels, adding strength and giving tone to the organs, thereby aiding nature in the performance of the functions. Electric Bitters is an excellent appetizer and aids digestion. Old people find it just exactly what they need. Price fifty cents per bottle, at Dreier & Bro.'s drug store.

Bucklen's Arnica Salve.

The best salve in the world for cuts, bruises, sores, ulcers, salt rheum, fever sores, tetter, chapped hands, chilblains, corns and all skin eruptions, and positively cures piles, or no pay required. It is guaranteed to give perfect satisfaction or money refunded. Price 25 cents per box. For sale by Dreier & Bro.

G. Schmit, merchant tailor, 70 East Main street, has the finest line of spring suitings in the city. 7-tf

YOUR CAR, PET!

Don't always ask your friend how his health is. It sometimes makes him tired. For a change ask him how his CARPETS are. Ask him where he got them. If he bought them from US well and good. They're all right. Congratulate him and ask no further questions. If he bought them elsewhere don't roast him, (it's just possible they may be good,) but speak to him calmly and try to persuade him that the Indiana Furniture Co., Carpets could not be poor, or even doubtful. They're sure thing at a fair price, which means they are as cheap as can be bought and wear well.

A well selected text is half of the sermon. Given a good text and a preacher who is in earnest, and the result is sure to be good. The text of this article is a plain simple statement that proves itself in the reader's own mind without argument. The text is "Good health is better than great riches."

Without health nothing really matters very much. A hacking cough takes all the beauty out of a landscape or a sunset. Erysipelas or eczema will spoil the enjoyment of sprightly conversation, of a beautiful concert, of a wonderful painting. The biggest bank account in the world won't pay a man for his health, but a very small amount of money will make him healthy and keep him healthy.

Most all bodily troubles start in the digestive or respiratory organs. It is here that improper living first makes an opening for disease. The development differs as constitutions and temperaments differ. The causes are almost identical. To get at the root of the matter is simple enough if you start right.

Dr. Pierce's Golden Medical Discovery is a medicine for the whole body. It works through the digestive organs on all the others.

It cures the first thing it comes to and after that, the next. It puts health in place of disease in the stomach, and from the vantage ground thus gained, it reaches every fiber of the body and drives disease before it — indigestion, liver troubles, kidney complaint, biliousness, skin and scalp diseases, salt-rheum, tetter, eczema, and all the troubles caused by impure blood.

Crescent

Known Quality.

You are making no experiment in buying a Crescent Bicycle. 56,000 men, women and children bought Crescents, in 1895; 70,000 in 1896.

Owners of Crescents are all around you. Ask them about Crescent quality. They know how good it is.

Crescent agents will explain the many improvements for 1897. We want *you* to ride a Crescent this year.

SHOP AND RAIL.

The Wabash Will Put On a Chicago-Buffalo Train.

Accidents, Incidents and Personal Mention of the Shops and the Men Who Work Therein.

Commencing June 13 the Wabash road will run its own trains through to Buffalo under a permanent lease of trackage and rights over the Grand Trunk road from Detroit to Suspension bridge and the Erie road from Suspension bridge to Buffalo. This will place the Wabash road in position to handle its own solid trains from Chicago through to Buffalo, the same as if the Grand Trunk and Erie roads were its own track, and give it the same rights and privileges, both in ticketing and handling business between Detroit and Suspension bridge, as are enjoyed by the Grand Trunk road proper. Trains will be hauled by Wabash engines and handled by Wabash engineers and crews under the supervision of the Wabash management. The Wabash road will open ticket offices in Buffalo, Niagara Falls and all principal points along the line of the Grand Trunk road, and will handle the business the same as it does at the present time between Chicago and Detroit.

NEW RAILWAY COMPANY.

The Missouri River and Los Angeles Railway company has been organized with $42,000,000 capital. Judge A. V. Larimer, of Dakota City, Neb., was chosen president. Other incorporators are Francis McNulty, Donald McLean, Robert Buchanan, Sioux City; Henry Woods, Dakota City; E. B. Reynolds, jr., Wymer, Neb. The company proposes to build a road from the river, presumably at Sioux City, to Los Angeles. From Dakota City to O'Neil, Neb., it will be over the right of way McLean has recently secured. It was hoped to use the short line, but the best terms for it were $1,800,000 and $1,000,000 for the short line bridge. The company expects to build a bridge for $400,000 and a line to O'Neil for $1,200,000.

BRIEF MENTION.

Pittsburg engine 24 is in the shops for repairs.

Mrs. Al. Raifsnyder, wife of the Pennsylvania switchman, is quite ill.

Ed Brown, of the Bass blacksmith shop, is off duty on account of sickness.

William Donnell, of the electric works, is celebrating his fifty-fourth birthday today in a quiet way.

Nelson Howe, of the electric works, has returned from a visit with his parents at Kendallville.

George Noble has been appointed assistant general superintendent of the International and Great Northern.

Executive officials of Texas roads met in St. Louis today to perfect the proposed Southwestern traffic bureau.

J. K. Dillon, the new district passenger agent of the Pennsylvania company at Pittsburg, assumed the duties today.

Conductor R. C. Ross, who had a knee injured a month ago, took his old place in the Nickel Plate train service yesterday.

Willard Knight, one of the traveling salesmen for the Electric corporation, has returned from a trip through Michigan.

Peter Bopp, who had been slightly ill for two or three days, resumed his place in the Pittsburg store room this morning.

Charles Barnes, the blacksmith, who had a finger mashed last week, resumed his duties in the Pittsburg shops this morning.

C. C. Miller, of the electric works, was one of the successful fishermen at Rome City yesterday. His string included a number of fine bass.

W. Fetters, Michael Kinney and J. Kensill, of the Pittsburg car shops, are on the absentee list, presumably on account of sickness.

C. B. Van Meter has resumed work on the Nickel Plate, after an absence on account of the sickness of his wife. He is a freight brakeman.

Henry Dryer and E. McLaughlin, of the Pittsburg blacksmith shop, are off duty, the former on account of business and the latter because of sickness.

The report put in circulation by a Pittsburg paper that the Pennsylvania lines would abolish the dog tariff and carry dogs free is denied officially.

John Miller, teamster at Rhinesmith & Simonson's lumber yards, is kept from his work by the illness of his little boy, who suffers with diphtheria.

M. W. Kemp, foreman of the Pittsburg lumber yards, left this morning for Indianapolis, where he will attend the Knights of Pythias convention.

William Hayes, the Nickel Plate conductor, has gone into northern Michigan to see his father-in-law, who is supposed to be lying at the point of death.

Supt. E. A. Barnes, of the Plymouth bicycle works, returned to that city this morning, after spending Sunday and Decoration day here with his family.

The Nickel Plate's new time card is a great improvement over the old one and the traveling public is showing its appreciation of that fact by increased patronage.

F. D. Buskirk, formerly with the Baltimore and Ohio Southwestern, today assumed the general agency of the Ohio Southern and the Lima Northern at Cincinnati.

A side blow collision between a switch engine and a locomotive hauling a freight train occurred in the Wabash yards at 8 o'clock this morning. The damage was trifling.

W. W. Wilder is now engaged in the sale of a clothes line and hammock holder, a very useful article of recent invention. Mr. Wilder was formerly a railway switchman.

Engineer Tim Short, of the Nickel Plate, laid off yesterday to attend the memorial services. Fireman John Hood also laid off, but for a less patriotic purpose. He went fishing.

Peter Stetzer, after an illness of two or three months, took his old place in the Pittsburg shops, Captain Harrison's department, this morning. Mr. Stetzer is a veteran in the service.

Louis Altevogt, of the Bass machine shop, celebrated his twenty-sixth birthday last evening in a pleasant manner. He was assisted in the festivities by a dozen or more of his friends.

Frank J. McHugh, who entered railroad services when sixteen years old, on the Big Four, was afterwards on the Lake Erie and Western, but, until taken ill, more recently with the Chicago and Eastern Illinois, died at Lafayette on Saturday. His last service was in the office of the Chicago and Eastern Illinois.

The Pittsburg and Lake Erie is hauling with its new mogul engines forty-five loaded cars between Pittsburg and Youngstown and making with such trains the former schedule for passenger trains.

L. G. Dailey, W. M. Miller and H. F. Bennard, of the Pittsburg shops, have returned from Wabash. They made the journey to and from that city on their wheels and had a pleasant ride and visit.

Thomas Duncan, of the Electric corporation, will leave this evening for Niagara Falls, where he will attend a meeting of the National Electrical Engineers' association, which opens there tomorrow.

Mr. and Mrs. Charles Szink and children arrived from Altoona, Pa., on No. 9 last evening, and today occupied the house at 499 South Calhoun street. Mr. Szink is employed as a painter in the Pittsburg shops.

The Santa Fe has created quite a stir among the Western lines by restoring the reconsignment privileges at Kansas City on Texas shipments, and grain consigned to Texas points can now be stopped in transit at Kansas City.

J. M. Gaskill, an apprentice in the paint department of the Pittsburg shops, quit that position today, to engage at something more congenial to his taste. The vacant place has been taken by Eugene Nolah, messenger in Mr. Rodabaugh's office, who has been succeeded in the latter position by Claude Keplinger.

The Erie is making extensive improvements along its line. It has adopted the ninety-pound standard rail on the line east of Marion, and has just purchased twenty very heavy locomotives to use on that division. It is rebuilding and improving its stations at Jamestown, Wilson avenue (Cleveland), Cuba, Friendship, Middletown and Huntington. It is double tracking its Mahoning division and has built a branch of two miles to Bass lake, so that transfer by stage will not be required there. The Erie grain elevator in Chicago is well under way and the terminals in Cleveland and Randall have been increased to take care of the augmented lake coal business.

Lee Ivans, who is rusticating at Eagle Lake and attending the window in the Pennsylvania ticket office for diversion, was kindly remembered by his railway friends in this city last evening. An antiquated valise, which had been resting upon a shelf in the baggage room ever since the war, was filled with an assortment of wearing apparel adapted to Lee's present needs and forwarded to him. Included in the list were some cast off car inspector suits, rubber boots and arctic overshoes. Strapped upon the valise were an ancient gingham umbrella and a hickory walking stick, such as the aborigines who frequented Eagle Lake in centuries past were wont to carry. No doubt Lee appreciates the gift.

RANGE OPENED.

Sporting Event by the Emporium Gun Club Yesterday.

The Fort Wayne Emporium Gun club formally opened their new shooting range yesterday, by giving a target and live bird shoot. Barring a few unavoidable hitches in the failure of the traps to work properly, the events passed off successfully. About thirty shooters participated in the seven events, and, while the scores made were not as good as some of the boys can make, there was some fine shooting done. The live bird match was the most interesting one of the day, and the scores were pretty close.

The members of the club are grateful for the assistance rendered them by some of the members of the Electric club and the '98 Sporting club, and will do their share toward making any shoot which the above clubs may give a success.

The members of the Young Woman's Christian association who desire to play tennis must register at the association at once. The committee has secured two courts, one on Washington street and one at the corner of Main and Broadway. Nets and balls are furnished by the association, each player furnishing her own racket. The members of the association are eligible to membership in the tennis clubs on the payment of the organization fee of twenty-five cents.

E. B. Sweet has returned from Grand Rapids.

AMONG CANNIBALS.

The Horrid Record a Traveler Brings Home From Central Africa.

We are getting to be better acquainted with that repulsive habit, man eating, and Sidney Langford Hinde, in his "The Fall of the Kongo Arabs," published in London by Mathuen, writes that in central Africa cannibalism is growing and extending to tribes that formerly were free from the taint. Miss Kingsley in her recent book tells us of her visit to a country of cannibals.

As commanding a force in the service of the Free State it was the business of the author to prevent the raids of the Kongo Arabs. The Arabs, it is represented, were good fighters, but when beaten fled precipitately, fearful of being eaten by the followers of the Belgian train. It is one of the beliefs of Mussulmans that a mutilated body cannot enter heaven. So cannibalism, or the dread of it, had its effects on these slave dealing Arabs.

The Bangala people cannot have a single idea of humanity. They have the cruel habit of maiming the animal they want to eat, believing that when it lingers half alive its flesh will become tender. Though there was an abundance of hippopotami, the cannibals preferred human flesh, and they dealt in it.

An instance is presented of a sentry in the employ of the white forces who, under instruction, fired at a supposed enemy. The shot was fatal, and the man fell. The man killed proved to be the father of the sentry, and the son thought it was "hard lines" since he was unable to eat him.

"The commandant ordered him to bury the body properly, but discovered afterward that, though the man would not eat the body himself, he had given it to his friends to eat. That same week a young Basongo chief came to the commandant while at his dinner in his tent and asked for the loan of his knife, which, without thinking, the commandant lent him. He immediately disappeared behind the tent and cut the throat of a little girl slave belonging to him and was in the act of cooking her when one of our soldiers saw him and reported what he was doing. This cannibal was put in irons, but some two months later I found him in such a wretched condition that, fearing he would die, I took him out of the chains and gave him his liberty with a warning. Scarcely a fortnight had passed when he was brought in by some of our Hausa soldiers, who said that he was eating the children in and about our cantonments."

There was no hesitancy on the part of the natives as to their cannibalistic tendencies. They would say to the whites, "Give us that man; he is a lazy fellow, and you will never get any good out of him, so you may as well give him to us to eat."

Slavery was to some of the natives rather a desirable condition. They reasoned it out to Captain Hinde in this way: "If I am free and don't get work, who is going to feed me? Whereas, if I have a master, he has to find me work, and when there is no work he has still to feed me."

Captain Hinde's story of the pygmies presents no novel points. If physically they are much below the average height of man, the little fellows make up for their deficiencies by cunning. They use weapons tipped with poison and, with their tiny bows and arrows, are remarkably quick and handy.

Once on a visit to N'Gandu, the capital of Gongo Sutete, who was at one time Tippoo Tib's lieutenant, Captain Hinde saw a horrid thing—an execution.

"The man is immediately torn to pieces and disappears as quickly as a hare is broken up by a pack of hounds. Every man lays hold of him at once with one hand and with the other whips off the piece with his knife."

SHE SELLS MOUNTAIN DEW.

When the Revenue Officers Come to Arrest Her, She Says, "Take Me."

Betsy Mullens is the largest woman in Tennessee. She lives in a little log house on top of Newman's ridge, in the mountains of Hancock county, where she earns a living by the sale of illicitly distilled whisky in open defiance of the government officers, who have time and again been sent to arrest her, but have never been successful. Her avoirdupois is about 540 pounds, and this accounts for the woman never having been arrested.

It was in the fall that I visited the Mullens home in company with the revenue officers from Knoxville. The place where she lives is 16 miles from the railroad and by no means easy of access. As you near the foot of the ridge where the woman lives you can see her cabin on the top. A conveyance cannot wend its way to the home, and those who wish to see the largest woman in Tennessee and one who has caused more talk than any other woman in the state have to leave their conveyance behind and make it on foot up the steep mountain side.

Approaching the house, the first thing out of the ordinary which attracted my attention were four mounds in the back yard, which, upon inquiry, I learned were the graves of her husband and three sons, the latter having given up their lives in mountain fights and had been buried in the yard, where the mother could turn from her bed in the little house and gaze at the spots which contained beneath their grassy sod all that was mortal of those who were so near and dear to her.

For years the woman has been bedridden, not that she is sick, but her immense size is such that she is unable to walk or move around like other people. Her husband was for years an invalid, and the family was without visible means of support until Betsy conceived the idea of selling whisky. There are any number of illicit stills in the mountains near by and just across the line in Kentucky, and with their operators Betsy made arrangements for her supply of "mountain dew." It is brought to her in stone jugs, and from her bedside she can reach down and pour out any amount of whisky which the patrons of her place may desire.

In open defiance of the law has Mrs. Mullens carried on this method of liquor selling for years. The federal grand jury has indicted her time after time, and officers have been sent to arrest her, but that was all. They would go to her bedside and serve the papers, but could not take her to court or to jail.

Her size baffled them. It would take half a dozen strong men to carry her out of the house, and when the outside was reached they would not be able to get her to the road at the bottom of the ridge, as it is impossible to get a wagon to the top, where her cabin his located.

Every time the officers call at the house she simply laughs and says, "Take me if you can." The officers cannot take her, and that is the end of it.

During all the years that Mrs. Mullens has been confined to her bed she has seen her three sons and husband pass to the beyond. She could not attend the funeral services at the little church, which is situated several miles from her home, and the funeral services, if such they might be called, were held in the rooms where the mother and wife lay on the bed, and their bodies were laid to rest just outside the door in the back yard, where she could witness the interment.

The woman takes her misfortune good naturedly and says that she will continue the sale of whisky until her time to die has come, and then she, too, expects to be laid to rest beside the bodies of her husband and sons in the little plot in the back yard, known as the burying ground of the Mullens family.—Atlanta Constitution.

What the Wise Bachelor Says.

A man can never love anything that he can't trust. Women love cats.

There are lots of woman haters that you never hear of because they're married.

Woman was made before mirrors, but it wasn't her fault.

Anyway, a man never tells what girls said when they proposed to him.

No man can be entirely free from responsibilities so long as he wears suspenders.

When a woman can't find anything else to feel sorry for, she gets to feeling sorry for herself.

I wonder if any one ever saw a woman in a crowded street car get up and offer her seat to a man with a baby in his arms.—New York Press.

The Real Thing.

"I saw the airship this morning as I was going home," Mr. Drinkhorn announced.

"Sure it was not a hallucination or something of the kind?" asked the man who likes to put unpleasant questions in a polite way.

"Sure as shooting. I saw it double, just the same as I was seeing every other material object."—Cincinnati Enquirer.

Hurried Preparations.

Good Minister (awaiting the appearance of the lady of the house)—What is that, my little dear?

Little Girl—My apron. I's goin to put it in the wash. Mamma got it all dirty.

"She did?"

"Yes, sir; she grabbed it up just now to dust off the Bible."—New York Weekly.

But One Offense.

Doolihan—So yez were foired, an for phat did they foire yez?

O'Rafferty—For gittin drunk only wan toime.

Doolihan—An how long was ye wid 'im?

O'Rafferty—Wan day. — Tammany Times.

DEAFNESS CANNOT BE CURED

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure Deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

150 Buggy Company Failures.

During the past two years over 150 buggy manufacturers have failed, and the present disturbed condition of the market is anything but encouraging. In many cases the stocks were bought up by Sears, Roebuck & Co., of Chicago, They have issued a big catalogue of these goods, which they are sending out broadcast sending to everybody that writes for it offering high grade buggies at ruinously low prices, on trial before paying. They seem to control the buggy market, and the question arises what is the manufacturer going to do until this stock is sold out.

HIRONS' VEGETONE.

It can be Procured at Your Druggists.

The Effective Vegetable Tonic for Constipation, Indigestion, Malaria, Liver, Kidney, Nerve Troubles, and Headache.

Use Hirons Double Treatment for Catarrh and Hay Fever.

Use Hirons New Asthma and Cough Cure for Asthma, Bronchitis, Pneumonia, Coughs, Colds, Throat and Lung Troubles.

Vegetone is purely vegetable in its composition. It is a reliable and permanent cure for diseases of the liver and kidneys, constipation, chills, malarial fever, loss of appetite, and a sure and effectual cure for headache and dyspepsia.

Vegetone acts by giving tone to the stomach, strengthening the liver and kidneys, and assists these most important organs in throwing off the impurities in the blood. Every person, in the spring of the year, needs a good, safe tonic for the replenishing of the system after a winter of inactivity, and Vegetone will produce the desired effects, being purely vegetable and a mild, pleasant laxative, thus throwing off the bile from the stomach, producing new vigor.

CATARRH.

One of the most troublesome and dangerous diseases known to mankind, can in the large majority of cases, be permanently cured. Many who were victims to that disease have been cured, and many more are being cured. Double treatment for Catarrh does its work effectually; clearing it out of the head, driving it out of the blood, where it exists, and ever will exist, unless the health destroying virus is eradicated from the system. Cure it. For it is not only a constant discomfort, but a perpetual menace to life. Use the New Asthma and Cough Cure as the blood purifier, and the Speedy Catarrh Cure for the nasal treatment for Catarrh, and soon those troublesome and distressing symptoms will disappear. The constant dripping of the mucous into the throat, and the pain in the head will cease. The hearing, sight, smell, and taste will be restored.

HAY FEVER.

Hay Fever, or Hay Asthma as it is often called, is a combination of Bronchial and Nasal affections. The immediate cause and source of irritation being of external origin, attacking individuals during the months of May, June and August. The pollen of hay, dried grasses and rag-weed comes in contact with the nasal and bronchial membranes, involving all the air passages, causing immediate irritation, frequently disabling persons afflicted therewith. The great discomfort and suffering, say nothing of the the loss of life caused by this terrible disease, may be avoided by using Hirons' Double Treatment, which is a sure, safe and permanent cure. Commence using the medicine at once, and get your system in condition to resist the effect of these agencies upon the mucous membrane, thereby keeping the tissues in a healthy condition.

ASTHMA.

Asthma is a contraction of the nerves connected with the lungs, and is produced by three causes. First, by sensitive area of mucous membrane. Second, an abnormally sensitive nerve center, and third, by an external irritant. With all three of these factors simultaneously, an attack of Asthma is produced. The disease often arises from Heart trouble, nasal catarrh and dyspepsia. Some of the symptoms, short, quick, difficult breating, wheezing, with spells of coughing and suffocation. Asthma is supposed by some to be incurable, but the use of a few bottles of Hirons' New Asthma and Cough Cure will prove to the contrary.

What the Resident Manager of the Chicago Newspaper Union Has to Say.

The Hirons Medicine Co., Fort Wayne, Ind.

GENTLEMEN:—Your Mr. A. R. Hirons persuaded me to give your Double Treatment for catarrh a trial, and after having used it about 30 days, I can honestly say that the results have been very satisfactory. I have been a sufferer from the disease since childhood, and was so bad at times that the membrane would bleed constantly. By the use of your medicine I have stopped the bleeding, my head is greatly relieved, and I have no more difficulty with my breathing. Yours truly,

CHARLES D. TILLO.

"La Grippe Cough Cured."

Hirons Medicine Co., Room 3 Schmitz Block, Fort Wayne, Ind.:

DEAR SIRS:—I had a severe case of La Grippe some time ago and suffered with a terrible cough until I tried a bottle of your New Asthma and Cough Cure. I used only one bottle of the medicine and it cured me entirely. I have had no cough since.

[Signed]

MRS. CHARLES C. ADAMS,
No. 110 Hanna St

Has Not Wheezed for Over Three Years.

Mr. Frank Joly, the well known Columbia street grocer, makes this statement over his signature: "I contracted Asthma about twelve years ago while working in a damp cellar. Many nights during that time I had to be propped up on my pillow in order that I might breathe. I used many remedies but received no permanent relief. Three years ago I tried Hirons' New Asthma and Cough Cure, and after having used two bottles of the remedy I was entirely cured. I have never wheezed since.

"[Signed.] FRANK JOLY,
"70 E. Columbia St."

Price of all Hirons' remedies $1.00 per bottle. Six bottles for $5.00.

WHERE MINES GROW.

Of late years silver production has outstripped gold. A different condition of affairs exists in the now renowned Kootenai country. While silver predominates in some localities there, yet the streams have placer gold in paying quantities, and at Rossland, in the Trail district, gold is king. Copper and iron are found and coal also, at some places.

The recent development of this region and of that contiguous thereto in Washington, has been phenomenal. Mines of exceeding richness, from the grass roots down, have been opened all over the mountains; railroads have been built into and through the country; steamboat lines on the lakes and rivers have been increased and expanded, and towns sprung up as if by magic.

The country is good for rich or poor, the climate is mild and bracing, and the scenery grand beyond description.

Among the prominent mining camps are Rossland, Nelson, Ainsworth, Kaslo, Slocan, Salmon River, Cariboo and Deer Park.

The mountains are well timbered, rendering fuel cheap, and living expenses are reasonable.

Smelters are located at several points contiguous to the mines.

The year 1896 witnessed a wonderful emigration to the Kootenai country, and it will be eclipsed by the record of 1897.

The direct route to this land of gold, from the east, is via the Northern Pacific railway to Spokane, Wash., and Spokane Falls and Northern railway from that point north.

West of the Rossland region lies the Boundary Creek country—practically a continuation of the former—of very rich promise but as yet of meagre development. South of the Boundary line, in Washington, is the "Reservation" country, a land also of promise.

A full description of the Kootenai region can be obtained by sending to Chas. S. Fee, Gen. Pass. Agent, N. P. Ry., St. Paul, Minn., for their new Kootenai Folder and elaborate relief map. This is the best map published of the Kootenai. m20-tf

"THE LIGHT OF THE WORLD OR OUR SAVIOUR IN ART"

Cost over $100,000 to publish. Contains nearly 200 full-page engravings of our Saviour, by the great masters. Every picture is reproduced from some famous painting. Agents are taking from three to twenty orders per day. The book is so beautiful that when people see it they want it. "FIRST GLANCE AT THE PICTURES BROUGHT TEARS TO MY EYES," says one. "Cleared $150.00 first week's work with the book," says another. "Some high grade man or woman of good church standing should secure the agency here at once," says every editor, "as $500 can soon be made taking orders for it." Also a man or woman of good social position can secure position of Manager of this territory, to devote all their time to employing and drilling agents and corresponding with them. Address for full particulars A. P. T. ELDER, Publisher, 278 Michigan Avenue, Chicago, Ill. april28tf.

NEWS NOTES.

Born, to Mr. and Mrs. G. W. Boerger—a son.

Frank Neihoff is visiting Charles Baum at Lima, Ohio.

L. Kraus, of Columbia City, was in Fort Wayne yesterday.

Father O'Leary council No. 327, C. B. L., will meet this evening.

Elder F. T. Simpson held quarterly conference at Huntington yesterday.

O. E. Mohler, wife and baby went to Huntington today to visit at Mr. Mohler's old home.

Dr. G. B. Stemen has gone to Indianapolis to attend the state convention of the Knights of Pythias.

Dr. John Reddick, of this city, filled the pulpit of the German Reformed church at Lima, Ohio, last Sunday.

Miss Rose Bechtoldt returned to her home in Columbia City yesterday, after a short visit with Fort Wayne relatives.

Andrews Correspondent: "Mr. and Mrs. J. J. Lyon visited Fort Wayne last week, visiting Mr. Lyon's son-in-law and daughter, Mr. and Mrs. Frank Logue."

The bans of Miss Mamie Sparnburg, of Peru, and Henry Stier, of this city, were announced from the pulpits of St. Mary's church and the Cathedral on Sunday last. The wedding will take place on Tuesday, June 15.

S. F. Bowser has gone to St. Louis.

Born, to Mr. and Mrs. Henry Kiebe, of Wilt street—a son.

F. C. Leathe, of this city, has applied for a patent on a music holder.

A. B. C. Bowend has returned to St. Louis after a visit with relatives.

Mrs. Victoria Langard is the guest of her daughter, Mrs. Geo. Parrot, at Warsaw.

Home lodge No. 342, F. and A. M., will have an interesting meeting this evening.

R. S. Robertson, jr., and wife will leave this evening for the Nashville centennial.

Mrs. E. J. Sturgis and Miss Mary Welty, of Bluffton, were in Fort Wayne yesterday.

The board of works held a meeting this afternoon, but there was very little business to look after.

Mrs. Romaine Zoeller and Miss Marie B. Fox are guests of Mr. and Mrs. Ambrose Metzgar in Lafayette.

Adam Neumesser has been given a building permit to erect a frame dwelling house on lot 12, Comparet's addition.

Mrs. C. M. Dawson gave a dinner last evening for Dr. and Mrs. Edward Morris, of Fort Spokane, Washington.

Mrs. M. Woulfe and daughter, Mrs. O'Neil, have returned to Lafayette, after a visit with friends and relatives.

Among the guests at the Randall are A. C. Beeson, Montpelier; A. A. Miller, Navarre, Ohio, and C. H. Brady, Huntington.

The bicyclists interested in the permanent organization of a protective association are requested to meet at the city hall this evening.

The bicyclists of the city will hold a meeting at the city hall tonight to perfect arrangements for a permanent organization. The meeting is general one.

Among the guests at the Wayne are Orville Chambers, Elkhart; Miss M. L. Whitacre, Huntington; J. C. Boyd, Paris, Ind., and F. N. Stillwell, Anderson.

Mr. Alvin Hurford, of Canton, Ohio, purchased last week a herd of fine Holstein-Frisian cattle, selected from the herds of A. E. Hoffman, J. C. Peters and Henry C. Paul.

Miss Anna Doermer, who had been at Hope hospital for several weeks, was removed to her home somewhat improved in health. She will be glad to see any of her friends at her home.

Mr. and Mrs. P. D. Smyser, Misses Helen and Julia Smyser and Master Ben Smyser will leave this week for Princeton, N. J., to attend commencement. Mr. Nathan Smyser will be a graduate.

The children of the state institution observed Memorial day with appropriate exercises yesterday. Superintendent Johnson delivered an address in which he told of the day and why it is observed.

Hugh M. Beaver left for Decatur today noon as a delegate to the convention of the Fort Wayne district of the Epworth league, which will be held this week. On Wednesday and Thursday several other delegates will go from here.

A barn belonging to Joseph Hageman, a gardener living east of the city, about one-half mile from the limits, was destroyed by fire at 11 o'clock last night. There was considerable grain in the building. Loss about $100, with $100 insurance.

Wabash Plain Dealer: "E. M. Wilson, of Fort Wayne, spent Sunday with S. Wilson and family in this city.—Messrs. L. G. Dailey, Horace Bernard and Minor Miller, of Fort Wayne, wheeled to this city Saturday and spent Sunday with friends."

Dr. J. E. Miller is in receipt of an interesting letter from his brother, Ferd J. Miller, the druggist, who, with Mrs. Miller, is enjoying an extensive trip in the west and southwest. The letter was written in Old Mexico. They go from there to San Francisco.

Mrs. Frank I. Brown was at home informally yesterday afternoon from 2 to 4 o'clock in honor of Miss Anderson, of Chicago. Mrs. Albert Bond and Mrs. Jack Kuhns, assisted by Misses Tracy Guild, Margie Hanna and Elinor and Louise Bond served ice and macaroons.

Dr. Carl Proegler, secretary of the county board of health, has issued orders to the superintendents of all public schools, parochial schools, colleges and seminaries in Fort Wayne and Allen county to have all drinking facilities so arranged that there will be no danger of spreading of disease germs with the saliva. These orders come from the state board of health.

Dayton Alderman has made a contract with the county commissioners to furnish them with three wire bridges. Mr. Alderman has submitted an estimate to the board of works for a foot bridge to connect Swinney park with the Nebraska addition. Besides being strong and safe the structures present a handsome appearance, and are not expensive in comparison with the wooden bridges.

Mr. and Mrs. John K. Ferguson went to Toledo this morning.

Mrs. Myron Downing left today for Goshen, Ind., to visit her parents.

Born, to Mr. and Mrs. Fred Thiele, of 116 Jackson street—a daughter.

Mrs. Louis H. Niemeyer has recovered from an illness of four weeks' duration.

Mrs. M. C. Tyler, of Lima, Ohio, is visiting her sister, Mrs. George Whitty, of No. 11 Hough street.

The ladies' auxiliary to the City Y. M. C. A. will hold a business meeting at the association building tomorrow at 2:30 p. m.

Miss Daisy Rupp, of Spy Run avenue, has gone to Kingston, Ind., to visit her sister, Mrs. F. O. Schnarze, formerly of this city.

Charles M. Hill, of the Toledo Blade, was in the city a few hours yesterday. He had been fishing at James lake, near Angola, and was en route home.

D. Hauss, of 15 Brandriff street, was surprised by a large party of friends on Friday evening. Dancing and card playing were the features of the evening.

The general synod of the Evangelical church will meet in convention at Mansfield, Ohio, June 9. Rev. A. A. Hundley, of this city, is a delegate and will attend.

Dr. Morris, of Spokane Falls, Wash., who was the guest of C. W. Edgerton, left on the Pennsylvania limited last evening for Philadelphia. The doctor is a government surgeon.

The surrey and harness that a stranger left with W. H. Smith, 157 Union street, has been identified by William Musser, of Lima, Ohio, as his property. He rented the rig to a stranger.

On June 10th the ladies of Grace Reformed church will give a lawn festival at the beautiful suburban place of James Vining, of the St. Joe road. Strawberries and ice cream will be served.

The little son of Mr. and Mrs. A. J. Brillhart, of 10 Ida street, was painfully hurt Sunday morning, on his return from Sunday school, by getting his leg caught in the wheel of a passing milk wagon.

Sunday morning Russell Winters and Harry Weaver went over to Warsaw on their wheels, making the trip from here in less than four hours. They returned last evening and reported having had a fine trip.

Kendallville Sun: "Miss Emma Farrer, Mr. L. Garrison and Dr. LeGalley, of the school for feeble minded youth at Fort Wayne, were guests of Miss Eva Daniels Sunday.—Mr. and Mrs. O. G. Klinkenberg and daughters and Charles Freese, all of Fort Wayne, were the guests of Mr. and Mrs. P. G. Klinkenberg and family over Sunday."

Huntington Democrat: "Mrs. Wm. H. Brooks went to Fort Wayne today.—Mrs. Nellie Werling and daughter, of Fort Wayne, will arrive here this evening to visit her sister, Mrs. Mary Weese, and others.—Harry A. Eberhne and Frank Cutshall, of Fort Wayne, were guests of lady friends in the city Sunday.—Marshal Humphrey, of Fort Wayne, spent Sunday with his father, Merchant Policeman John Humphrey."

THE NEW COURT HOUSE.

Work Commenced on the Excavation Today—Mungen & Wetzell Get the Contract.

At the law office of H. C. and R. B. Hanna bids were opened for excavating the foundation for the new court house. The contract went to John J. Mungen and John M. Wetzell at $2,050, and they began work this morning. The successful contractors have a number of teamsters interested in the work. The other bids were as follows: William Moellering & Son, $2,775; George H. Krudop, $2,361; Porter & Wilhelm, $2,900; Louis J. Schwarzkopf, $3,297.35; J. C. Hess, $3,120.

The contractors began the work of excavating this morning. A large force of men and many teams are employed on the job.

A FAMILY AFFAIR.

One Hundred and Seventy People Attend a Reunion.

Children, Grand Children and Great Grandchildren Help Mr. and Mrs. Casper Gick to Celebrate.

It is a rare occurrence for a couple to celebrate their diamond wedding in the presence of as many as 165 descendants, but this kind of an event came off last Sunday at the farm home of Mr. and Mrs. Casper Gick, in Adams township. It was probably the biggest family reunion ever held in the county. There were present the children, grandchildren and great-grandchildren to the number of 165. Mr. Gick is eighty-four years old and his estimable wife is eighty-two. Their children are as follows: John, George, Henry, Louis and Conrad Gick, Mrs. Gottlieb Hitzemann, Mrs. William Schmidt and Mrs. Henry Klepper. The grandchildren furnished the music for the occasion. The family numbers 107 souls with the old couple, of which eight are their children, seventy-eight their grandchildren and nineteen their great-grandchildren. Other guests than relatives were also present.

We have the only exclusive Bicycle repair shop in the city, and can do anything you may want in the bicycle repair line.
COLUMBIA MACHINE WORKS.
20-eodt6 **54 E. Columbia St.**

Attorney Wilmer Leonard is at Chicago.

NOTES.

A young man giving the name of Andy Schwartz asked for lodging at the police station last night. This morning he developed signs of insanity. He wanted to find his mother and his aunt, whom he imagined had fallen through a grating in the sidewalk at the station. He repeatedly asked to be let into the cellar that he might rescue them. As near as could be learned the young man belongs at Kansas City. He wore a Knights of Pythias pin and members of that order are endeavoring to find relatives.

Dr. Mommer reports that vandals stole flowers from his premises yesterday.

A thief entered the barn of C. S. Bash and stole a lap robe last evening.

A young man named Vassert reported last night that his bicycle had been stolen from in front of a West Berry street residence.

Kodak pictures developed and finished on short notice by S. D. Engle, room 65 Pixley and Long block. Take elevator.

BUILDING-LOAN IMPROVED.

A Plan and System Approaching Perfection.

During the seven years experience in, and study of above subject since founding the "Allen County" and "Tri-State" Associations, M. H. V. Young claims to have matured a plan and devised a management that will produce better and more satisfactory results than any other in the country. A plan that will produce better profits to investors in proportion to the loaning rate, and lower net cost to the borrower, plus greater security to both. Would such a plan win in Fort Wayne, and is now the time to consult in regard to the organization of a new association? Those thinking so would do well to confer with Mr. Young at once, at the New Aveline.

DR. SALM, No. 9 East Wayne street, opposite Fruit House, removes cancers and tumors of long standing and immense growth, removes scrofula and other impurities from the blood where everything else has failed. For many years has had great success in female and rectal diseases. Treats chronic diseases. 1eod3t

The Daughters of Workmen will serve supper tonight from 5:30 to 7:30, at the K. of P. hall, on East Berry street. Everybody invited.

LaPearl's Big Railroad Show.

Much talk in our city has been caused by the announcement of the re-appearance of LaPearl's Big Railroad Show which will exhibit at Fort Wayne Saturday, June 5.

The Fort Wayne Sentinel.

Here's Another Fact.
The Daily Sentinel Guarantees to its advertisers a circulation of over [illegible] papers daily.

ESTABLISHED 1833.
TUESDAY, JUNE 1, 1897.
PRICE TWO CENTS.

The [illegible] page of "Fashions" for [illegible] is a strikingly artistic page, showing stylish riding habits and a picturesque as well as beautiful mountain costume. The gowns pictured throughout the number are all especially seasonable, and include a Kodaking, yachting, costume, commencement dresses, a trousseau, various kinds of negligee and fluffy dresses of summer goods for all sorts of occasions.

Mrs. Julia Ward Howe contributes the opening article, which is accompanied by a fine cameo portrait of the author. A brief description of the new Congressional Library and latest notes on the [illegible] work at the Tennessee Centennial are of interest. Students of Flowers will be delighted with Isabel Worrell Ball's dainty study of "The Flower of Cuba," while every true woman will heartily endorse the sentiment in Frances Bowen Hall's treatment of the subject "[illegible] to Our Social Inferiors."

"The Heritage of the Waters" is a charming story of Southern life by Jeannette H. Walworth, and "What Was in a Name" is a clever skit by Alice Wellington Rollins.

Large space is devoted to articles suggesting summer occupations, games and flower culture. "The Etiquette of Weddings" will settle many a vexed [illegible]. Embroidery is [illegible] all the year round, and three [illegible] designs [illegible] leisure hours of vacation. The latest novelties in millinery, [illegible] parasols, pocketbooks, belt buckles, etc., are described, and nothing has been neglected to give "Fashions" readers thoroughly up-to-date information on all matters of feminine interest.

HE MUST HANG.

Theodore Durrant Will Expiate His Crime on the Gallows.

Governor Budd Declines to Extend Executive Clemency.

He Examined Witnesses, Made a Thorough Examination of Evidence and Decides the Jury's Verdict Must Stand.

SACRAMENTO, Cal., June 1.—In passing upon the application of Theodore Durrant, convicted of the murder of Blanche Lamont, for executive clemency, Governor Budd said: "I have carefully considered the evidence produced at Durrant's trial. I have interviewed the witnesses and inquired into their characters and credibility. I have heard all statements made or offered by his attorneys and other persons who might be likely to inform men in this matter.

"A careful and thorough investigation into the evidence in this case and the facts and circumstances attending it, have convinced me that it is not the proper case for my interference. No new evidence has been produced tending to show the innocence of Durrant, or creating a doubt as to his guilt. I feel satisfied that his trial when he was found guilty by a jury, was fair and surrounded and attended by all proper legal safeguards and guarantees.

"After conference with the witnesses I am convinced of their honesty and credibility, and from an examination of the evidence, I feel that it was in itself sufficient in character and extent to have justified the verdict and the judgment passed upon it, while in my investigation I found other material corroborating circumstances, not produced at the trial, which tended further to support the verdict.

"Under such circumstances, finding no irregularity in the trial of the case and that the evidence justified a verdict of guilty, I cannot do otherwise than follow the supreme court and permit the verdict of the jury and the judgment of the lower court to stand."

DURRANT WEPT LIKE A CHILD.

SAN FRANCISCO, June 1.—The main incident of the Durrant tragedy yesterday was a visit paid him by his mother who informed him of the governor's refusal to interfere with the sentence. Durrant lost his self control entirely and wept like a little child. He was removed from his cell yesterday and placed in the chamber of death, as it is called, where he will remain until the end. The announcement that Mrs. Durrant would attend the execution has excited an extraordinary amount of comment. She still maintains her determination to be near her son when the final moment comes.

TWO MISHAPS.

The Steamer "State of Ohio" Disabled Off Ashtabula.

The Valencia Strangely Missing and Grave Fears Are Entertained As to Her Safety.

CLEVELAND, Ohio, June 1.—The "State of Ohio," of the Cleveland and Buffalo Transit line, broke her machinery off Ashtabula last night and became helpless. She was loaded with holiday passengers, who became badly frightened. Help was summoned from Ashtabula and the steamer is now being towed into Cleveland by tugs.

NEW YORK, June 1.—A cablegram from Havana received last night announced that the Ward line officials in that port believe that the steamship Valencia has been wrecked. She left New York on May 20 for Nassau and southside Cuban ports. She was in command of Captain Skillings and had a crew of forty five all told. All that could be learned last night was there were less than five cabin passengers on board. The Valencia reached Nassau in safety. Officers on the Santiago say that the Valencia left Nassau at 2 a. m. on May 25 for Guantanamo, and she then had only one cabin passenger. The others had disembarked at Nassau. The run to Guantanamo fully occupies forty hours, and a stop of twelve hours is made at that port. After leaving there the Valencia was expected to touch at Santiago, then proceed to Manzanillo and finally to Cienfuegos, which is the most eastern point in her voyage along the south coast. Allowing for running time and the usual stops, the Valencia, if all went well, should have entered the tortuous passage leading into Manzanillo bay on last Saturday afternoon. The cablegram from Havana gives no particulars, but officers on both the Santiago and City of Washington, now in port, think that if the Valencia is lost, she has probably struck one of the numerous reefs about Manzanillo.

IN MID-AIR.

The First Double Photograph Has Been Secured.

A Wonderful Invention by William A. Eddy—A Great Instrument for Use During War.

NEW YORK, June 1.—Wm. A. Eddy, has just taken the first double photograph in mid air that has ever been secured. By his invention it will be possible to take from mid air a perfect photograph of the entire horizon line. With such an apparatus Eddy claims that a photograph can be taken at sea, which will show a ship approaching when it is ten miles beyond the horizon line, as seen from a ship's deck. The inventor is confident his apparatus can be used to great advantage during war. The photographs today were taken with two cameras, but it is proposed to arrange eight, so that they will photograph the entire horizon at once.

A CUT IN WAGES

Results in a Strike of Non-Union Men.

Three Hundred of Them Quit Work and the Strike Threatens to Spread Throughout the Works.

PITTSBURG, Pa., June 1.—A 10 per cent cut in wages, affecting all men not under the amalgamated scale, was ordered at Jones & Laughlin's American Iron works today. As a result the open hearth workers and some other employes, in all about 300, refused to go to work last night. The firm employs nearly 3,000 men. The strike will probably cause a shut down of the entire plant. This morning the strikers gathered about the gates of the mill and gave three cheers. This was evidently a signal, for instantly all the men at work, except the tonnage or amalgamated men, threw down their tools and walked out of the mill. At noon 800 men were on a strike. The night turn men say they will not go on duty unless the matter is adjusted and this will cause a general suspension, as the tonnage men cannot work without the laborers.

NOT WANTED THERE.

Special Inspector Hampton Roughly Treated.

Boarded a Vessel Engaged in Landing Arms and Ammunition for Cuba and Is Knocked Down.

WASHINGTON, June 1.—The secretary of the treasury has received a telegram from Special Inspector Hampton, at Fort Lauderdale, Fla., stating that he boarded the steamer Biscayne off New River inlet at 5 o'clock yesterday morning, while she was transferring arms, ammunition and coal to the Dauntless, and that he was knocked down, disarmed and driven off. This telegram was referred to the attorney general for such action as the gravity of the occurrence may warrant. This is the only information yet received at the treasury department in corroboration of the report telegraphed last night from Fort Lauderdale detailing this assault and the subsequent capture of the Dauntless by the cruiser Marblehead. The department officials say they have no doubt that the Dauntless had just returned from a successful landing in Cuba of munitions of war, and her capture is regarded as highly important. The persons who maltreated Inspector Hampton while in the discharge of his duty as a United States officer, it is stated, will be rigorously prosecuted.

SPEAKER REED

Called Down by the Democratic Congressmen.

Republicans Flock to the Party Standard Bearer and Aid Him in Carrying His Point.

WASHINGTON, June 1.—The house today witnessed a sharp attack on the speaker by Representatives Simpson and Richardson because of non-appointment of the committees. On motion of Mr. Dingley, by 88 to 25, the house upheld the speaker's refusal to recognize the resolution of Mr. Lewis, a democrat, of Washington, relative to Cuba as privileged. A special order was to be presented for immediate consideration of a resolution providing for transportation of supplies to India and permitting the use of any vessel, instead of restricting the sending of famine relief to American ships. After further talk by Mr. Simpson and others concerning the alleged autocratic power of the speaker the order was adopted.

The senate resolution to amend the resolution of April 28 for transportation of supplies to India was passed by the house.

ROME, June 1.—A man named Rossi, a discharged table hand in the vatican, today attempted to kill Commander Martinucci, of the major domo's office, through whom he had lost his place. Thinking he had killed his victim at the first shot, Rossi shot himself through the head and will die. The commander will recover.

LOCAL LINES.

The pupils of the Toledo high school will visit this city the latter part of June.

William Droihellem, aged twenty-eight years, died last night at the home of his brother-in-law, Richard Johnson, of liver complaint. The funeral will take place Wednesday afternoon at 1 o'clock from the house.

All newsboys are requested to meet at the City hall Wednesday evening at 7:30 to make arrangements to act as escort to the Grand Rapids Newsboys' band, which arrives Thursday morning. Newsboys, do not fail to attend.

New line of Rich American cut glass at Dallas F. Green's.

HANDLED ROUGHLY

Were the Striking San Quentin Prisoners.

Stripped of Their Clothing and Drenched With Cold Water Until They Were Glad to Obey Prison Rules.

SAN FRANCISCO, June 1.—So far as external evidences went, things were in an improved condition at the penitentiary at San Quentin yesterday. In place of the constant shrieking and howling of the preceding days the "bread and water" gang kept a sullen silence.

The state board of prison directors held a special meeting and authorized the warden to shoot down convicts if necessary to restore order. While the meeting was in progress Governor Budd telephoned to Warden Hale and gave him explicit instructions about handling the strikers. He told the warden to notify the convicts that any man who continues to be unruly from this time will be denied the right of restoration to citizenship; and further, that no striker who continues to hold out from this date need ever apply for executive clemency, for his application will not even be considered. As soon as the meeting adjourned Warden Hale instructed his subordinates to resort to extreme measures. One hundred rifles were borrowed from the armory of Company "D" at San Rafael and sent to the prison. Ten extra guards were employed and placed on the prison walls for the night. At 4 o'clock the captains went into the yard and began operations. "Kid alley," on the side of the prison which contains sixty cells, was the scene of attack by the officers. This alley contains the boys and young men and they made the greatest amount of trouble during the strike. When the officers and guards appeared they were cursed and hooted as usual. Each cell from which came a sound was marked and the inmates taken out and relieved of most of their clothes. Captain Birlem then ordered out the fire hose. The nozzle was poked into the wicket of each cell and the convicts were thoroughly drenched. This operation was continued until 8 o'clock and finally the yelling cursing ceased. It is proposed to send a number of the ring leaders of the strike to the branch prison at Folsom, where the work consists of quarrying granite.

WORK OF BRUTES.

Samuel Jervis Kills His Sweetheart.

Tramps Beat Owen Mullen Into Insensibility and Then Throw Him From a Freight Train.

NEW ORLEANS, La., June 1.—Samuel A. Jervis, a switchman, forty four years old, stabbed to death Mrs. Bertha Johnson, aged thirty years, this morning, at the home of John McLean, No. 314 Newton street, Algiers. Jervis then inflicted wounds in his stomach and cut out his entrails. He will die. Jervis was jealous of the woman and the killing was brought about by the declaration of the woman that she intended to quit Jervis and live elsewhere.

CLEVELAND, Ohio, June 1.—Owen Mullen, of this city, was terribly beaten by tramps and then thrown from an Erie railway train early this morning. He was found lying with a fractured skull in the Cleveland rolling mills yards. He is dying at the hospital.

HORRIBLE!

Five Children Perish in a Burning House.

Enemies of the Family Apply the Torch While the Father and Mother Are Away.

WHEELING, W. Va., June 1.—Five children were burned to death in the residence of J. H. White, two miles from Keystone, last night. Enemies of the family are believed to have fired the house. Both White and his wife were away on a visit, and their five children were left alone in their farmhouse. The children had retired when the fire was started.

The children who met death were a boy of twelve years, one of ten, one of six, one of four, and a girl of six. Bloodhounds will be used to trace the perpetrators.

DOCTORS MEET.

Nearly 3,000 of Them Assemble in Convention.

The Celebration of the Golden Jubilee Made the Occasion for an Unusual Display of Enthusiasm.

PHILADELPHIA, Pa., June 1.—The American Medical association began the celebration of its golden jubilee today and will continue four days. The convention was called to order by the president, Dr. Nicholas Senn, of Illinois. Members and delegates to the number of over 3,000 had registered. Mayor Warwick welcomed the association on behalf of the city, and Hon. Charles Emory Smith on behalf of the state. After the committee on arrangements had reported, President Senn delivered his annual address. The report of the committee on the Rush monument fund, which [illegible], was an appeal for means to erect a more suitable memorial than the present amount on hand permits.

ACQUITS SEARLES.

Judge Bradley Orders the Jury to Bring in a Verdict.

The Questions Asked by the Senate Were Not Pertinent Nor Within Its Jurisdiction.

WASHINGTON, June 1.—In the case of John E. Searles, the sugar trust witness, Judge Bradley this morning ordered the jury to bring in a verdict of acquittal, holding that the questions asked the witness by the senate committee were not pertinent and if so, were not within the jurisdiction of the committee.

The judge's opinion was exhaustive. It had been reduced to writing. He pointed out that Mr. Searles had testified specifically that no money had been contributed by the sugar trust to the national campaign or for the purpose of influencing legislation or the election of United States senators. As to the local contributions Mr. Searles had testified that he did not know how the contributions had been used, by whom or for what purpose. The questions put to the defendant were claimed to be pertinent to the second and third divisions of the senatorial inquiry, namely, as to whether the sugar trust had contributed sums to campaign funds with the purpose of influencing the election of a United States senator and whether any senator had been a party to a compact with the sugar trust. Certainly, the judge said, a simple investigation as to whether the sugar trust had contributed to a campaign fund would be an unwarranted search into the private affairs of the company and plainly beyond the power of the senate. The senate committee had reported that no testimony had been produced to show that the sugar trust had made any contributions to any national campaign fund or for the purpose of affecting legislation.

If money had gone for the purpose of electing members of the state legislatures who in turn would elect a United States senator, it was beyond the power of the United States senate to go behind the election of legislative members.

If this were true as to state matters, how much more true was it of local elections. It would be the wildest conjecture to assume that the money so contributed in any way had gone to make up the sugar schedule. It appeared from the report of the committee they were not in the possession of any facts upon which they could base the most remote hope of showing an ultimate connection between the sugar trust's contributions and the sugar schedule. Under these circumstances it must be held that the questions asked were not pertinent, and if construed to be pertinent that they were an unwarranted prying into the private affairs of the company and therefore beyond the jurisdiction of the senate. Judge Bradley therefore sustained the motion of the defense and ordered the jury to return a verdict of acquittal. The jury accordingly rendered a verdict of not guilty and Mr. Searles was free. The cases of E. J. Edwards and John S. Shriver, the newspaper correspondents, were postponed until next Monday.

MODERN WOODMAN

The Head Camp Opens Its Biennial Session.

The [illegible] Faction Gets a Black Eye at the Hands of the Delegates.

DUBUQUE, Iowa, June 1.—The head camp of the Modern Woodmen opened its convention here this morning, the meeting being called to order by Head Consul Northcott. An address of welcome was delivered by Mayor Duffy, the response being made by Mr. Northcott. The convention then appointed committees on resolutions, elections, order of business, salaries and compensation, appeals and grievances. After the transaction of minor business the convention adjourned until afternoon.

The decisive action of state caucuses last night appears to have settled the question of election of officers. The report of delegates at large, who have just completed an investigation of the affairs of the order, is understood to be emphatic in its denunciation of the Fulton faction and as strongly favorable to the present administration. The city is beautifully decorated and the streets crowded with delegates and visiting Woodmen.

YELLOW FEVER.

The Dread Disease Appears Aboard the Steamer Allianca.

NEW YORK, June 1.—Angus McLellan, a second-cabin passenger on board the steamer Allianca, which reached this port today from Colon, died of yellow fever yesterday at sea. He was a civil engineer from Pictou, N. S., and probably contracted the disease at Panama. Herbert Gill, a waiter on the Allianca, was also taken ill with yellow fever on May 27. The other cabin passengers will be detained on Hoffman island for five days.

John Hollwarth, of Barber street, will wed Miss Emily G. Wolf a young lady of New Haven, the nuptials to be celebrated at the bride's home on June 16.

MUCH MONEY

Will be Distributed at the Race Meeting in This City.

Big Preparations Being Made for the Event—Some of the Horses Which Will Appear.

Big preparations are being made for the races which will be held this year the week of August 9 to 14. More money is hung up to be raced for and every great stable of note is expected. Commenting on the stake races which closed April 15, the Turf, Field and Farm, of New York, has the following to say regarding the Fort Wayne stakes:

The official list of entries of the grand circuit meeting of the Fort Wayne, Ind., Driving club has been received, and it makes a very flattering showing. The stake for three-year-old trotters has eighteen entries, including Directina, by Direct; Dirette, by Alerton; American Bell, by Rex Americus, the sensational filly, Fanny Foley, by Redwood; Dynamite, Soon Enough and Honor. The last are all by Direct. The stake for three-year-old pacers has twenty entries, including Red Seal, by Red Hart; Bessie, by Conlon; Saxon Onward, by Shadeland Onward; Miss Margaret, by Direct; Gerald Rex, by Rex Americus; Future Princess, by Chimes; Volcanic, by Direct, and Sweet Fern, by Red Fern. The 2:25 class stake for trotters has thirty one entries. The stake for the 2:25 class trotters has thirty one entries.

Twenty-four nominations are made in the 2:12 class for trotters, and judging from the nominations this race will be one of the attractions of the Fort Wayne meeting. The entries are Chimes, by Mohican; [illegible] etta, by Pilot Medium; Kiznath, by Hambletonian; Grace Hastings, by Baronne Prince; Fred B., by Rowville; George J., by Ayres's Gift; Elloree, by Abbotsford; Boreal, by Bow Bells; Newcastle, by Cornelian; Athanio, by Junio; Walter S., by Fred S. Wilkes; Derby Princess, by Charley Derby; Dick Hubbard, by Allandorf; Oak and Baron, by Baron Wilkes; Abnet, by Ambassador; Aster, by Dexter Prince; Monette, by Strathmore; Instant, by Startle; Cephus, by Cyrus; Baron Crisp, by Baron Wilkes, and Marguerite, by Intrigue. Forty-two entries are made in the 2:20 class for pacers, and most of the nominations are animals with little or no reputation on the turf. The best known ones, however, are Silver Chimes, by Almy Chimes; Sphinx; Hi Noon, by Duncan; Mary Wells, by Director; Marcelle, by Mac Caspar; Miss Margaret, by Direct; Zenith, by Egotist; Prineway, by Steinway; Elamora, by Beirut Law; Sky Pointer, by Brown Hall; Mojado, by Pilot Medium; Ed. B. Young, by Direct, and Wyreka, by Elbert W. The 2:11 class for pacers has 19 entries, none of them having been particularly prominent last season. The sensational class of the entire list of stakes will be that for 2:08 pacers, which has the remarkable number of 24 nominations. The entries are Judge Swing, 2:06¼; Miss Jennings, 2:07¼; Gazette, 2:08; Nelly Bruce, 2:10¼; Phenol, 2:07¼; Patti D., 2:12¼; Mocking Boy, 2:08¼; Heir-at-Law, 2:07¾; Vera Capel, 2:07¼; Frank Bogash, 2:10¼; Atlantic King, 2:09¼; Bright Light, 2:08¼; Alrite, 2:07¼; Bumps, 2:08¼; Pearl Onward, 2:10¼; Sphinxetta, 2:08¼; Badge, 2:07¼; Aileen, 2:07¼; Hal Cloud, 2:08¼; Agitator, 2:09¼; Planet, 2:08¼; Jolie, 2:09¼; Tallema, 2:11, and Royal Victor, 2:[illegible].

$16,000 will be distributed in stakes and $10,000 in class races, the program for which will be announced in a few days. One of the features of the class program will be a $2,500 purse, open to all pacers. It is believed by the management that this amount of money will attract every fleet one for all pacers in the country, and the horse loving public will be given an opportunity to see such stars as Frank Agan, Star Pointer, Joe Patchen, John R. Gentry and the invincible Robert J. in one of the greatest races of the year.

ON THE BOOM.

The Wheel Craze at Its Height—Dealers Have Difficulty in Getting Some Wheels.

The bicycle business is now booming. This business opened up later than usual due to the backward weather, but every one is getting the wheel craze again. Some of the dealers are having trouble to get wheels, as was predicted by the knowing ones early in the season. This applies to the better grade of wheels. Cheap wheels are always plentiful, but inquiry of some of the leading stores show that on the high class machines they are behind. The makers of one wheel claim that the factory today is over 4,000 wheels behind on orders, and on some models the customers still have to wait for ten days or such a matter.

Your Eyes.

Need attention, you have delayed having them tested. Every day has added to your difficulty. We respectfully refer you to any of our customers and solicit your patronage. All work guaranteed. Dallas F. Green, expert optician, No. 3 Arcade.

Salt Air Resort Opened.

SALT LAKE, June 1.—Salt Air Beach, one of the popular bathing resorts on the great Salt Lake, was officially opened here today. Numerous trains were run from the city throughout the day and thousands of people visited the beach.

AFTER TOLL ROADS.

Farmers Bring Proceedings Against One of Them.

An Attempt Being Made to Have the Maumee Avenue Gravel Road Company Forfeit Its Charter.

A case of vital interest to the farmers of Allen county is on trial before Judge O'Rourke in the circuit court. It is the case of John George Lenz vs. the Maumee Avenue Gravel Road company, in which the plaintiff desires to show that the road is not kept in repair by its owners and demands that the company be compelled to make certain improvements. If the judge finds for the plaintiff the improvements must be made under the jurisdiction of an engineer selected by the court and within a certain time. If the improvements are not made then the charter of the road can be forfeited. This is the hope of the farmers who are backing Mr. Lenz in the suit. They allege that the company cannot afford to make the necessary improvements and the result will be that the road will be free. The county commissioners have offered the company $1,500 for the road, which they refused to accept, placing the price at $6,100. The court room is crowded during the trial with farmers interested and the case will be a hotly contested one. Hon. W. G. Colerick and Henry Colerick appear for the plaintiffs and Breen & Morris for the defendants.

COURT NOTES.

William Michael begins suit in the superior court for divorce from Ethel Michael. The parties live in Adams township and the plaintiff avers that they were married February 18, 1886, and have no children. That the defendant has treated him cruelly and inhumanly and having left him, associates with men of bad repute. P. B. Colerick penned the complaint.

In the case of Louis M. Kyler vs. Minnie M. Kyler Judge O'Rourke this morning granted defendant a divorce on cross-complaint. The mother was also given custody of the child.

Clementine Miller has filed her bond as notary public.

Marriage licenses have been granted to James T. Johnson and Lavila Schneider and Frank L. Moffett and Maggie T. Eggemann.

STRIKE FUND.

The First Installment, $100, Has Arrived

And Was Divided Today Between the Striking Journeymen Bakers—Other Interesting News.

That the strike of the journeymen bakers against the bosses is further from being settled than ever is strongly in evidence today and the outlook for a settlement is not bright.

Yesterday the president of the Journeymen Bakers' union, James A. Snyder, received from Secretary Henry Weisman, of the International Journeymen Bakers' and Confectioners' Union of America, a check for $100, being the first installment of the strike fund to which the strikers are entitled from the international treasury. This insures the strikers against want and guarantees them support for a time, at least. From now on, each week for a term of weeks, under the laws of the international union, the strikers will receive money from their international union treasury.

The strikers have ordered 5,000 bread tickets printed and tomorrow will send out a large force of women agents to sell the tickets to the private house trade of the boss bakers. The advertisement for women agents at a good commission appears in another column of THE SENTINEL.

Streamers reading "Journeymen's Union Bakery," have been ordered painted and will be put on all the wagons of the Journeymen Bakers' union, thereby giving the public a chance to distinguish the wagons of the strikers.

SMITH SHOWED UP

After an Absence of Nearly Seven Years.

DETROIT, Mich., June 1.—Charles H. Smith has returned to this country. On May 14, 1890, Mr. Smith, then a prominent business man of Detroit, mysteriously disappeared. His estate was probated June 9, 1891, and he was declared legally dead. Six months ago his closest friend, James Vernon, heard from him and yesterday Mr. Vernon returned from New York where he had met him. Financial reverses, it is said, drove Mr. Smith away and he says he never will come back to Detroit.

Mr. Smith was formerly a member of the firm of Burgess & Smith. He left Detroit one night on a sailing vessel. He has visited South America and [illegible] until today his family was kept in ignorance of his whereabouts.

Notice.

All members of B. o. R. T. are requested to be at the hall tomorrow morning at 9:30 to [illegible] and Culbertson for the purpose of taking part in the reunion.

[illegible]

A BIG THING.

Plant to Furnish Light, Heat and Power.

Messrs. Bash and Paul Have in Contemplation the Launching of a Big Enterprise in This City.

Messrs. Chas. S. Bash and Henry C. Paul have in contemplation the erection of a plant to furnish power, heat and light which is the biggest private enterprise attempted by local capital in this city for many years. To all intents and purposes the stupendous scheme appears to be practical. The promoters have investigated far enough to satisfy themselves that such a plant would be well patronized. If they could induce the county commissioners to use their connection the plant would be a success. A proposition has been made to the board which will be accepted if the present unsatisfactory status of the tunnel matter results in the abandonment of the tunnel. In that event the plant will be placed as quickly as material and machinery can be procured. The basement of the Bank block has been selected for the location, from which place the court house would be reached by a small tunnel under Court street. While the securing of a long contract to furnish light, heat and power to the court house has much to do with the decision of Messrs. Bash and Paul in the matter, it is by no means an improbability that the plant will be established for the purpose of creating a service that will be generally used in the central or business district. Plants of this kind are in successful operation in several cities, and especially in the larger places, where they have come to be regarded not as a convenience alone but a necessity. Such an enterprise would require an immense outlay of capital at the outset.

HIGHLY ENDORSED

Newsboy Band Complimented by the Mayor of Grand Rapids.

Mayor Scherer is in receipt of the following letter referring to the Newsboy band, which will appear at the Masonic Temple next Thursday evening:

GRAND RAPIDS, Mich., May 15, '97.
Mr. Henry P. Scherer, Mayor of Fort Wayne, Ind.

Dear Sir:—I have just learned that the Evening Press Newsboy band of our city has planned an extended concert tour, and that Fort Wayne is included in the list of fortunate cities to be visited. I desire to say in this connection that this band, made up of thirty-six newsboys taken from the streets of Grand Rapids, has come to be an organization of which our citizens are very proud. Their concerts are most interesting, entertaining and instructive, and I heartily commend them to the good offices of the residents of your city.

The work that the Evening Press has done in the interests of our dependent newsboys has borne splendid fruit, and the result is plainly noticeable in the improved condition of the 1,500 newsboys that are cared for by the Press. I do not believe that the world can show a charitable work productive of more genuine good than that carried forward by our courageous little evening paper, and as a citizen of Grand Rapids and a friend of the dependent youngsters, I am especially desirous of seeing their efforts succeed; therefore this letter relating to the excellence of the Newsboy band, which, in the opinion of those most likely to know, is the best juvenile band in the country.

Any kindnesses that your people may see fit to bestow upon our boys will certainly be appreciated.

Very truly yours,
LATHROP C. STOW, Mayor.

PRETTY PLAYMATES

For Professor Beery Were the Two Young Colts.

A pretty sight met the eyes of the large audience of ladies and gentlemen at the tent where Prof. Beery's horse training exhibition is given each evening. Escorted by two gamey youngsters, and whip in hand, Prof. Beery walked around the ring, the colts walking by his side and rubbing their noses playfully against his face and at times against the whip of which they had not the least fear. When these delightful entertainments were first given many people thought they were for professional trainers and horse jockeys. Later a good many went out of curiosity. Now every word of the professor's is drunk in eagerly by the ears of almost every man and woman that drives a horse. Prof. Beery is second to none in his craft, and many expert horsemen believe him to be a more successful trainer than the great Gleason, whose reputation was world wide.

Tonight special subject, a vicious runaway that the professor will go after during the day, and some other bad actors will be on hand.

GYPSY CARAVAN.

Wanderers of a Nomadic Race Encamped South of the City.

About forty gypsies are encamped in a scrub oak hollow on the Hessen Cassel road two miles south of town. Their caravan comprises eleven covered wagons, twenty-eight horses and [illegible] horses, [illegible] women bespangled with [illegible] jewelry, a [illegible] of [illegible] children and [illegible] men. [illegible] the [illegible] of the [illegible] plains of [illegible] making, [illegible] children [illegible] about in the dust of the road last evening, defying horses and the rules of civilization generally. It is understood that the vagrant party is on its way from central Ohio to northwestern Missouri on its annual tour of peddling and horse trading. The police in the southern end of town are keeping the gypsies under close surveillance, but so far they have conducted themselves properly.

OF A HIGH ORDER.

Was Mrs. Jennie Ray Ormsby's Class Recital.

Work Now Closed for the Season—Physical Culture Gaining Ground in Fort Wayne—What the Work Is.

The last of the three pupils' recitals which close Mrs. Jennie Ray Ormsby's work in physical culture this spring was held at the class room in the home of Columbus hall last evening, in the presence of about two hundred guests. It was a form of entertainment that appeals strongly to the cultivated taste and is a work so elevating as to deserve especial mention, that the public may know its merits. For the past few years a work has been steadily growing in our midst, the importance of which cannot be easily overestimated. This is the work of Mrs. Ormsby's classes. It is a system of self culture, founded upon the Emerson method of physical training for health, grace, beauty and soul expression, and the Emerson method of psychological development through the natural evolution of expression as taught in the New Philosophy of Expression. The aim of the work is a rounded development, to cultivate harmoniously the body, mind and soul.

The excellence of physical culture thus taught lies not only in the grace of movement, symmetry of form and an ennobled presence but in that it develops health and strength. Nervous disorders, lung and stomach troubles and curvature of the spine have been benefited and frequently entirely cured by the practice of these scientific physical exercises.

The system of teaching the art of expression is unique in that no mechanical methods are used. The pupil is developed through progressive steps of mental growth. All the activities of the mind are strengthened and quickened, the imagination is disciplined, the emotions deepened, the sympathies broadened and the will cultivated to guide and direct the flow of thought and feeling in full and adequate expression. Through the constant study of refined and ennobling literature for the work of expression, a refined literary taste is cultivated, a love for truth, beauty and goodness deepened, and a broader, nobler, sweeter personality developed.

The work as a whole ennobles the character and lends the soul a refined responsive physical organization through which to manifest itself. The success attending Mrs. Ormsby's efforts have been readily seen in the recitals lately given. Having graduated from the Emerson School of Oratory, of Boston, with the degree of bachelor of oratory, she possesses those attributes and qualifications so necessary in physical culture teaching.

The program last evening consisted of marches and drills and literary numbers. The ladies were costumed in empire gowns, beautiful in their simplicity and adding grace to the drill effects. The gentlemen, who wore suits of white duck trousers, tan shirts and blue coats, rendered the literary part of the program, which was intensely interesting, and exhibited a good understanding of the science of elocution and a knowledge of emotion and expression. Mrs. Ormsby's classes are now closed until next October. She will soon leave for the east to continue her studies and will return better prepared than ever to carry on a good work.

Lay All to the United States.

MADRID, June 1.—General Bernal, who has just returned to this city from the island of Cuba, has had an interview with the minister of war, General Azcarraga, in the course of which the minister was informed that the prolonging of the rebellion in Cuba was only due to the assistance which the insurgents received from the United States.

A few years more and only the sons will be here to do honor to the heroes of '61.

The school trusteeship will be settled one week from tonight. Who will it be?

The Arizona Indians are trying to reach the white man's high state of civilization. They are constructing an airship.

The old soldiers and their sons demonstrated again Monday that loyal patriotism to one's country will never be forgotten.

The weather bureau is to use kites to aid it in its prognostications, and it is believed that predictions hereafter will not be so flighty.

Fort Wayne lost two games yesterday, but as they were good games and lost to the "Hoodoo" Youngstown, the boys are forgiven.

Governor Mount has appointed Lycurgus P. McCormack, of Indianapolis a member of the labor commission created by the last assembly. He is a Hanover college graduate but a laboring man. The other member of the commission will be an employer of labor, not yet selected.

The Mr. Brice who has failed to make gold out of lead and antimony is not the Ohio Brice. The latter has frequently turned brass into gold.

The powers can readily induce the Turkish army of 200,000 to retire from Greece if they will send Edhem Pasha a collective note, in care of an army of 400,000.

Indications are that the contest for the control of Greater New York is going to be a circus. Tammany expects the tiger to be foremost in the menagerie department.

The terms of thirty United States senators expire in 1899. This means at least five or six legislative deadlocks, blocking business and depriving the people of their rights of representation.

A Terre Haute man once boasted that he used to walk five miles to court his wife before marriage. And now he objects to walking a block early in the morning for the meat and groceries for breakfast, but makes his wife trot out for them.

Washington Irving evidently didn't love the critics. He once said: "Critics are a kind of freebooters in the republic of letters—who, like deer, goats and divers other graminivorous animals, gain subsistence by gorging upon buds and leaves of the young shrubs of the forest, thereby robbing them of their verdure, and retarding their progress to maturity."

The laying out of 80,000 acres for the purposes of a colony near Albany, Ga., is doubtless the result of the apparent success of the soldiers' colony at Fitzgerald, Ga. The colony experiment carries with it that of small farming and fruit and vegetable raising, for which there are some reasons for believing the south is better adapted than the northern states. The Georgia experiments embrace the idea of central villages and one large town. Time alone will demonstrate the feasibility of the scheme.

A wicked Kennebec (Me.) reporter tells his favorite home paper that on the morning after the pastor had practiced on his new bicycle in the seclusion of one of the rooms in the chapel, the janitor, who had discovered a zig-zag trail in that room, came to the pastor for advice. He wasn't sure but the serpent that tempted Eve had been leaving its sinuous mark on that chapel floor and he was greatly perturbed in spirit.

There is a growing disinclination on the part of business women to accept seats in street cars from men; they want no concessions simply because of their sex. But this suggests the matter of physique, which must not be overlooked in considering the problem. Men are physically stronger than women and when it becomes a question of strength and weakness, as, for example, when the omnibus or railway carriage is swaying, and it requires considerable exertion to stand on one's feet, the stronger of the two should give place to the weaker, whether man or woman.

An American newspaper having sent out the question, "Can a politician be a Christian?" announces replies from Roger A. Pryor, the Rev. W. H. Milburn, Theodore Roosevelt, Gen. O. O. Howard, Chauncey M. Depew, Miss Frances E. Willard, Cardinal Gibbons, Dr. McCosh, John J. Ingalls and others. The answers, it is needless to say, are various. Mr. Ingalls briefly responds that "all things are possible with God," and Miss Willard uses the same expression with some qualifying phrases which indicate that she thinks God is pleased to exercise His power in that direction on rare occasions. The Rev. W. H. Milburn, who has been chaplain of the United States house of representatives, settles the question by saying that he has personally known many public men—by which he means politicians—who were Christians. Cardinal Gibbons thinks that a Christian politician is a possibility, but says there seem to be many politicians who are not Christians. Dr. McCosh says that "every politician should be a Christian," which is equivalent to saying that he can be since no man is required to be what he cannot be. General Howard, who knows a great deal about religion, whatever he knows about politics, says: "If by Christian is meant a believer in Christ and a follower of Him, and a politician means one who devotes himself conscientiously to the solution of political problems, the answer, of course, is in the affirmative." Chauncey M. Depew says he "sees no antagonism between politics and Christianity"—taking each in its true sense. Theodore Roosevelt believes that no man can do creditable work in politics unless he applies therein the rules of Christianity and of morality. It should be recognized that any American citizen of "sound mind and disposing memory" is as capable of answering the question as any of the eminent citizens whose replies are here given. Taking the mass of such and their answers would be in about the same tenor as the few given. Nearly every man believes that there is nothing in the fundamental teachings of Christ incompatible with the life and work of the American politician as he ought to be and as he might be. A politician discarding the low views of morals frequently entertained by his class and walking in the higher faith might be an immense popular success.

A "Democratic Mother" Talks.

Editor Sentinel:

I noticed a communication in your paper on last Saturday evening, signed "Mother." Now, Mr. Editor, "Mother" seems to be much exercised over the fact that Dr. Boswell stated in an interview with a Gazette scribe that he would be democratic all the time if he should be elected to the office of school trustee, and thereby "Mother" seems to criticise Dr. Boswell because of his very significant attitude in the matter. Now, mamma, you have big girls, I know, and they are teaching in the city schools, and I know you are a good republican mother, and you think that if Dr. Boswell gets to be a school trustee that the doctor meant by being democratic all the time that he would turn out some republican girls and put in some democratic girls for teachers in our city schools. Now, mamma, don't you think yourself that that would be just? Just look at it for a moment. There are from thirteen to fifteen schools in this city and the principals of all of these schools are daughters of republicans, with the exception of our dear friends Frank Hamilton and Miss McClure, and about 7-8ths of the teachers under the principals are the daughters of republicans. Do you think that is fair in a democratic city? I don't. I think that if I have some big girls competent and willing to teach, that one of them should have a chance to teach in the city schools. I do hope that Dr. Boswell will be elected school trustee, and that he will see that justice is done to the democratic families having daughters capable of teaching, something that has not been done for a number of years.

Democratic Mother.

Cream of tartar comes from grapes. It is clean and wholesome.

It is the best ingredient known for baking powders.

It makes light biscuit, white and without a bitter taste.

"Cleveland's" is a pure cream of tartar powder.

SUNDAY SCHOOLS.

Two Conventions Largely Attended and Interest Shown.

The Meetings Were Held in Jefferson and Perry Townships—Officers Elected.

The annual Sabbath school convention of Jefferson township was held at Maples, M. P. church, May 24 and 25, with William Bowers, township president, and Libbie Brewer, secretary. It was one of the largest and one of the best meetings that has been held in the county.

Monday evening the schools of the township listened to a very interesting address, led by Mr. A. D. Craig. Subject, "The Bible in the Sabbath school."

Tuesday morning, at the close of the opening devotional exercises, County Missionary, Mr. Hart, talked to the convention. Theme, "More Successful Work in the Sabbath School." The rest of the day was filled with recitations by several young ladies and addresses by Revs. Tinkham, Tarcot and Mr. S. F. Bowser, of Fort Wayne, interspersed with music.

With a short talk by the president the meeting closed, all feeling that it had been time well spent in the service of the Lord and that much good is being done throughout the land through the Sabbath schools. The next convention will be held some time in July.

PERRY TOWNSHIP CONVENTION.

The Perry Township Sunday School convention, which was held at Robinson chapel last Friday night was a big success. Friday evening the house was filled with very attentive listeners. First was a song service, followed by an address of welcome by Rev. R. Jones. "One Purpose and How to Accomplish It," was the subject of County President B. W. Hart's address. Next was an address by A. M. Wight.

Saturday morning at the hour appointed the church was completely filled, which is evidence that the people of Perry township think these conventions are full of good spiritual food. There was a song service and a Bible study. "Relation and Responsibility of the Pastor to the Sunday School," was discussed by Rev. W. E. Murray, Rev. R. Jones and others. Next was the superintendents' conference; subject: "My Ideal Sunday School and How to Make it So." Chairman Hursh appointed the following committee: Mrs. F. C. West, Miss Ida Garman, George Gloyd and Mary Comiskey.

We were all directed to Mr. Mondy's new barn for dinner, where we found two tables the length of the building loaded with all the good things enjoyed by the inner man. After a bountiful dinner and a good social time, ice cream was served and all returned to Chapel, where Mr. and Mrs. Hart conducted one of the most interesting children's meetings ever held in the township. Officers were elected as follows: President, J. W. Hursh; vice president, George Gloyd; secretary, Miss Ida Garman; treasurer, Jerry Surfus; superintendent of home class department, Miss Mary Comiskey.

Miss Ida Garman, Secretary.

MADISON TOWNSHIP CONVENTION.

The Madison township Sunday school convention will be held at the Massillon Lutheran church next Saturday evening and all day Sunday. A good program has been arranged. Alexander Johnson, of Fort Wayne, will be one of the speakers.

SPLENDID PROGRAM

To be rendered by the Wesleyan Brotherhood at Trinity M. E. Church.

The following program will be rendered by the Wesleyan Brotherhood at Trinity M. E. church, corner of Cass and Fourth streets, tonight:

[illegible]	Miss Nelson
[illegible]	[illegible] Small
Mandolin and vocal music	[illegible]
Song and chorus	Wesleyan Brotherhood
[illegible]	Knight children
Recitation	[illegible] Small

LOST THEM BOTH.

The Youngstown Club Continues to "Hoodoo" Our Own.

Although Darby and Severs Twirled Effectively, Luck Was Against the Wayneys—Scores—Notes.

INTER STATE LEAGUE.

	Won.	Lost.	Per cent.
New Castle	[illegible]	[illegible]	[illegible]
Dayton	[illegible]	[illegible]	[illegible]
Toledo	[illegible]	[illegible]	[illegible]
Springfield	[illegible]	[illegible]	[illegible]
Youngstown	[illegible]	[illegible]	[illegible]
Fort Wayne	[illegible]	[illegible]	[illegible]
Wheeling	[illegible]	[illegible]	[illegible]
Mansfield	[illegible]	17	[illegible]

The Fort Waynes lost both games at Youngstown, although they out batted the home club and did not field so very much worse. The element of luck entered into both games and had Fort Wayne received its share the result would have been different. Darby and Severs both pitched good games. The attendance at the two games is reported at more than 4,000. The teams play again today, lay off tomorrow and Fort Wayne then goes to New Castle for three games.

The score:

INNINGS ... 1 2 3 4 5 6 7 8 9
Fort Wayne 0 0 0 2 0 1 0 0 2— 5
Youngstown 3 0 0 1 1 0 0 1 *— 6

Batteries—Severs and Campbell, Jordan and Zinram. Base hits—Fort Wayne, 10; Youngstown, 9. Errors—Fort Wayne, 3; Youngstown, 1. Earned runs—Youngstown 2; Fort Wayne, 2. Two base hits—Musser, Rickert, Royce, Kihm, Babb, Severs. Three base hits—Steen, 2; Campbell. Stolen bases—Musser, Zinram, Berry, Cooke. First base on balls—Off Jordan, 1; off Severs, 1. Struck out—By Jordan, 4; by Severs, 3. Double play—Hagerty to Kihm; Cooke to Kihm; Berry to Royce. Umpire—Keefe. Time of game—2:40.

INTER-STATE GAMES YESTERDAY.

New Castle, Pa., June 1.—Toledo forfeited the morning's game by failing to appear on the grounds. The afternoon game they easily won, New Castle putting up a very ragged game of ball, in which there were no special features. The score:

Toledo ......3 0 1 0 0 0 3 0 3—10
New Castle . 0 1 0 0 2 0 1 0 0— 4

Base hits—New Castle, 11; Toledo, 12. Errors—New Castle, 7; Toledo, 1. Batteries—For New Castle, Hickman and Donovan; for Toledo, Kelb and Arthur. Umpire—O'Brien.

Mansfield, Ohio, June 1.—Mansfield defeated Springfield yesterday morning and afternoon. One thousand persons were in attendance in the morning and 3,000 in the afternoon. Beadle pitched both games for Mansfield, but weakened considerably in the last inning of the afternoon game. Mansfield's splendid batting and sharp fielding in the morning game and Latham's coaching and wholesale base stealing were the features of the game. The score:

Mansfield 2 0 1 1 4 2 0 2 0—12
Springfield.. 0 0 2 0 0 0 0 0 0— 2

Base hits—Mansfield, 16; Springfield, 2. Errors—Mansfield, 1; Springfield, 5. Batteries—Beadle and Lynch; McIlvaine and Williams.

Afternoon game:

Mansfield ..1 2 0 4 5 0 4 2 0 4—15
Springfield . 4 1 0 0 2 0 1 0 7—14

Base hits—Mansfield, 17; Springfield, 16. Errors—Mansfield, 3; Springfield, 3. Batteries—Beadle and Lynch, Whitridge and Sterick. Umpire—Colgan.

Wheeling, W. Va., June 1.—The attendance was large at both games, each team securing a victory. Score of morning game:

Wheeling ...2 2 0 5 0 5 0 0 0—14
Dayton .....2 0 0 1 0 1 3 0 4—11

Hits—Wheeling, 15; Dayton, 17. Errors—Wheeling, 3; Dayton, 2. Batteries—Garvey and Messitt, Brown and Greenwald. Umpire—McNamara.

Afternoon game:

Dayton 2 0 3 0 1 4 0 0 *—12
Wheeling 2 0 0 0 1 0 0 0 0— 3

Hits—Wheeling, 7; Dayton, 15. Errors—Wheeling, 2; Dayton, 1. Batteries—Campbell and Messitt, Rieman and Greenwald. Umpire—McNamara.

RESULTS YESTERDAY.

National League—Chicago, 4; Baltimore, 6; Chicago, 6; Baltimore, 6. Louisville, 4; Philadelphia, 2. Philadelphia, 14; Louisville, 6. New York, 20; Pittsburg 2. Cincinnati, 4; Washington, 3. Cincinnati, 4; Washington, 3. Brooklyn, 4; Cleveland, 2. Boston, 25; St. Louis, 5.

Western League—St. Paul, 14; Columbus, 2. St. Paul, 12; Columbus, 10. Milwaukee, 7; Grand Rapids, 4. Milwaukee, 8; Grand Rapids, 3. Detroit, 4; Minneapolis, 0. Minneapolis, 7; Detroit, 6. Indianapolis, 8; Kansas City, 5. Indianapolis at Kansas City—Called.

Western Association—Cedar Rapids, 6; Peoria, 3. Rockford, 8; Dubuque, 5. Burlington, 12; Des Moines, 7. Quincy, 4; St. Joseph, 3.

Michigan State League—Bay City, 12; Lansing, 8. Bay City, 6; Lansing, 5. Jackson, 7; Saginaw, 6. Saginaw, 7; Jackson, 5. Kalamazoo, 4; Port Huron, 0. Port Huron, 10; Kalamazoo, 6.

NOTES.

Cooke made four hits and three errors in the two games Decoration day.

Fennimore has asked Manager Rhinehart for his release from Springfield and it will probably be granted.

Gaffney, W. Eaily and George Jaily played with the Warrens against Huntington last Saturday. Warren was defeated 17 to 12. Gaffney's curves were lambasted hard after the sixth inning.

Collars has received a telegram from the Wilkesbarre club ordering him to report in Toronto immediately to play with the team. The telegram was forwarded to Collars, who is with the Fort Wayne team.

Captain Cooke has received orders to sign a fast, hard batting outfielder. How would Youngstown, lately liked to trade Joe Rickert for Flinders and a pitcher anyhow? Joe would like to play here.

Toledo Bee: "Manager Strouthers threatens to disrupt his team by releasing 'dead ones.' Con better look out or he will be releasing himself, for he certainly is decaying rapidly, and has been dead so long that mortification is setting in. It is a question if Strouthers ever could play good ball; if he could, it was some time ago."

Toledo Bee: "Umpire Harry Colgan is umpiring base ball for a living, and does not intend that any disorderly ball player shall put him out of the business. Colgan was a steel worker at Homestead and took part in the famous Homestead strikes. For this he was blacklisted and has not been able to secure a day's work at his trade since."

REAL ESTATE SALES.

The Deeds Which Have Been Filed for Record.

The Dreibelbiss Abstract of Title company, No. 25 Court street, furnishes the following accurate list of transfers, filed for record since our last issue:

Mary Miller and Conrad, her husband, to John Miller, lot 5, Schatch's addition, for $2,500.

Lyman M. Blakesley (widower) to Diedrich H. Meyer, lot 35, Charles Hanna's addition, for $1,100.

Joseph Racht (unmarried) to Henry Racht, 60x175 feet of Barnett's out lot 4, for $1.

Joseph Racht (unmarried) to Clemens Houser, 36x182½ feet of Barnett's out lot 4, for $1.

Joseph Racht (unmarried) to Kate Houser, 50x176 feet of Barnett's out lot 4, for $1.

Joseph Racht (unmarried) to Annie Kennard, 75x182½ feet of Barnett's out lot 4, for $1.

William Harrison and Mary A., his wife, to Samuel M. Foster, lot 52, Lakeside Park addition, for $1,000.

George W. Tope and Nettie J., to A. D. Whitman, lot 3, in the town of Dunfee, Allen county, Indiana, for $40.

Something to Depend On.

Mr. James Jones, of the drug firm of Jones & Son, Cowden, Ill., in speaking of Dr. King's New Discovery, says that last winter his wife was attacked with La Grippe, and her case grew so serious that physicians at Cowden and Pana could do nothing for her. It seemed to develop into Hasty Consumption. Having Dr. King's New Discovery in store, and selling lots of it, he took a bottle home, and to the surprise of all she began to get better from first dose, and half dozen dollar bottles cured her sound and well. Dr. King's New Discovery for Consumption, Coughs and Colds is guaranteed to do this good work. Try it. Free trial bottles at Dreier Bros.' drug store.

Old People.

Old people who require medicine to regulate the bowels and kidneys will find the true remedy in Electric Bitters. This medicine does not stimulate and contains no whisky nor other intoxicant, but acts as a tonic and alterative. It acts mildly on the stomach and bowels, adding strength and giving tone to the organs, thereby aiding nature in the performance of the functions. Electric Bitters is an excellent appetizer and aids digestion. Old people find it just exactly what they need. Price fifty cents per bottle, at Dreier & Bro.'s drug store.

Bucklen's Arnica Salve.

The best salve in the world for cuts, bruises, sores, ulcers, salt rheum, fever sores, tetter, chapped hands, chilblains, corns and all skin eruptions, and positively cures piles, or no pay required. It is guaranteed to give perfect satisfaction or money refunded. Price 25 cents per box. For sale by Dreier & Bro.

YOUR CAR, PET!

Don't always ask your friend how his health is. It sometimes makes him tired. For a change ask him how his CARPETS are. Ask him where he got them. If he bought them from US well and good. They're all right. Congratulate him and ask no further questions. If he bought them elsewhere don't roast him, (it's just possible they may be good,) but speak to him calmly and try to persuade him that the Indiana Furniture Co., Carpets could not be poor, or even doubtful. They're sure thing at a fair price, which means they are as cheap as can be bought and wear well.

A GOOD TEXT

A well selected text is half of the sermon. Given a good text and a preacher who is in earnest, and the result is sure to be good. The text of this article is a plain simple statement that proves itself in the reader's own mind without argument. The text is "Good health is better than great riches."

Without health nothing really matters very much. A hacking cough takes all the beauty out of a landscape or a sunset. Erysipelas or eczema will spoil the enjoyment of sprightly conversation, of a beautiful concert, of a wonderful painting. The biggest bank account in the world won't pay a man for his health, but a very small amount of money will make him healthy and keep him healthy.

Most all bodily troubles start in the digestive or respiratory organs. It is here that improper living first makes an opening for disease. The development differs as constitutions and temperaments differ. The causes are almost identical. To get at the root of the matter is simple enough if you start right.

Dr. Pierce's Golden Medical Discovery is a medicine for the whole body. It works through the digestive organs on all the others.

It cures the first thing it comes to and after that, the next. It puts health in place of disease in the stomach, and from the vantage ground thus gained, it reaches every fiber of the body and drives disease before it—indigestion, liver troubles, kidney complaint, biliousness, skin and scalp diseases, salt-rheum, tetter, eczema, and all the troubles caused by impure blood.

SHOP AND RAIL.

The Wabash Will Put On a Chicago-Buffalo Train.

Accidents, Incidents and Personal Mention of the Shops and the Men Who Work Therein.

Commencing June 13 the Wabash road will run its own trains through to Buffalo under a permanent lease of trackage and rights over the Grand Trunk road from Detroit to Suspension bridge and the Erie road from Suspension bridge to Buffalo. This will place the Wabash road in position to handle its own solid trains from Chicago through to Buffalo, the same as if the Grand Trunk and Erie roads were its own track, and give it the same rights and privileges, both in ticketing and handling business between Detroit and Suspension bridge, as are enjoyed by the Grand Trunk road proper. Trains will be hauled by Wabash engines and handled by Wabash engineers and crews under the supervision of the Wabash management. The Wabash road will open ticket offices in Buffalo, Niagara Falls and all principal points along the line of the Grand Trunk road, and will handle the business the same as it does at the present time between Chicago and Detroit.

NEW RAILWAY COMPANY.

The Missouri River and Los Angeles Railway company has been organized with $42,000,000 capital. Judge A. V. Larimer, of Dakota City, Neb., was chosen president. Other incorporators are Francis McNulty, Donald McLean, Robert Buchanan, Sioux City; Henry Woods, Dakota City; E. B. Reynolds, jr., Wymore, Neb. The company proposes to build a road from the river, presumably at Sioux City, to Los Angeles. From Dakota City to O'Neill, Neb., it will be over the right of way McLean has recently secured. It was hoped to use the short line, but the best terms for it were $1,500,000 and $1,000,000 for the short line bridge. The company expects to build a bridge for $400,000 and a line to O'Neil for $1,500,000.

DAILY MENTION.

Pittsburg engine 24 is in the shops for repairs.

Mrs. Al. Baifsnyder, wife of the Pennsylvania switchman, is quite ill.

Ed Brown, of the Bass blacksmith shop, is off duty on account of sickness.

William Dowell, of the electric works, is celebrating his fifty fourth birthday today in a quiet way.

Nelson Howe, of the electric works, has returned from a visit with his parents at Kendallville.

George Noble has been appointed assistant general superintendent of the International and Great Northern.

Executive officials of Texas roads met in St. Louis today to perfect the proposed Southwestern traffic bureau.

J. K. Dillon, the new district passenger agent of the Pennsylvania company at Pittsburg, assumed the duties today.

Conductor R. C. Ross, who had a knee injured a month ago, took his old place in the Nickel Plate train service yesterday.

Willard Knight, one of the traveling salesmen for the Electric corporation, has returned from a trip through Michigan.

Peter Bopp, who had been slightly ill for two or three days, resumed his place in the Pittsburg store room this morning.

Charles Barnes, the blacksmith, who had a finger mashed last week, resumed his duties in the Pittsburg shops this morning.

C. C. Miller, of the electric works, was one of the successful fishermen at Rome City yesterday. His string included a number of fine bass.

W. Ferlers, Michael Kinsey and J. Kensill, of the Pittsburg car shops, are on the absentee list, presumably on account of sickness.

C. B. Van Meter has resumed work on the Nickel Plate, after an absence on account of the sickness of his wife. He is a freight brakeman.

Henry Dryer and E. McLaughlin, of the Pittsburg blacksmith shop, are off duty, the former on account of lameness and the latter because of sickness.

The report put in circulation by a Pittsburg paper that the Pennsylvania lines would abolish the dog tariff and carry dogs free is denied officially.

John Miller, teamster at Rhinesmith & Simonson's lumber yards, is kept from his work by the illness of his little boy, who suffers with diphtheria.

M. W. Kemp, foreman of the Pittsburg lumber yards, left this morning for Indianapolis, where he will attend the Knights of Pythias convention.

William Hayes, the Nickel Plate conductor, has gone into northern Michigan to see his father-in-law, who is supposed to be lying at the point of death.

Supt. E. A. Barnes, of the Plymouth bicycle works, returned to that city this morning, after spending Sunday and Decoration day here with his family.

The Nickel Plate's new time card is a great improvement over the old one and the traveling public is showing its appreciation of that fact by increased patronage.

F. D. Buskirk, formerly with the Baltimore and Ohio Southwestern, today assumed the general agency of the Ohio Southern and the Lima Northern at Cincinnati.

A side blow collision between a switch engine and a locomotive hauling a freight train occurred in the Wabash yards at 8 o'clock this morning. The damage was trifling.

W. W. Wilder is now engaged in the sale of a clothes line and harness holder, a very useful article of recent invention. Mr. Wilder was formerly a railway switchman.

Engineer Tim Short, of the Nickel Plate, laid off yesterday to attend the memorial services. Fireman John Hoal also laid off, but for a less patriotic purpose. He went fishing.

Peter Stetzer, after an illness of two or three months, took his old place in the Pittsburg shops, Captain Harrison's department, this morning. Mr. Stetzer is a veteran in the service.

Louis Allevort, of the Bass machine shop, celebrated his twenty-sixth birthday last evening in a pleasant manner. He was assisted in the festivities by a dozen or more of his friends.

Frank J. Melfugh, who entered railroad service when sixteen years old on the Big Four, was afterwards on the Lake Erie and Western, but, until taken ill, more recently with the Chicago and Eastern Illinois, died at Lafayette on Saturday. His last service was in the office of the Chicago and Eastern Illinois.

The Pittsburg and Lake Erie is hauling with its new mogul engines forty-five loaded cars between Pittsburg and Youngstown and making with such trains the former schedule for passenger trains.

L. G. Dailey, W. M. Miller and H. F. Bennard, of the Pittsburg shops, have returned from Wabash. They made the journey to and from that city on their wheels and had a pleasant ride and visit.

Thomas Duncan, of the Electric corporation, will leave this evening for Niagara Falls, where he will attend a meeting of the National Electrical Engineers' association, which opens there tomorrow.

Mr. and Mrs. Charles Frink and children arrived from Altoona, Pa., on No. 9 last evening, and today occupied the house at 409 South Calhoun street. Mr. Frink is employed as a painter in the Pittsburg shops.

The Santa Fe has created quite a stir among the Western lines by restoring the reconsignment privileges at Kansas City on Texas shipments, and grain consigned to Texas points can now be stopped in transit at Kansas City."

J. M. Gaskill, an apprentice in the paint department of the Pittsburg shops, quit that position today, to engage at something more congenial to his taste. The vacant place has been taken by Eugene Nolan, messenger in Mr. Redelsasch's office, who has been succeeded in the latter position by Claude Keplinger.

The Erie is making extensive improvements along its line. It has adopted the ninety pound standard rail on the line east of Marion, and has just purchased twenty very heavy locomotives to use on that division. It is rebuilding and improving its stations at Jamestown, Wilson avenue (Cleveland), Cuba, Friendship, Middletown and Huntington. It is double tracking its Mahoning division and has built a branch of two miles to Bass lake, so that transfer by stage will not be required there. The Erie grain elevator in Chicago is well under way and the terminals in Cleveland and Randall have been increased to take care of the augmented lake coal business.

Lee Lyans, who is rusticating at Eagle Lake and attending the window in the Pennsylvania ticket office for diversion, was kindly remembered by his railway friends in this city last evening. An antiquated valise, which had been resting upon a shelf in the baggage room ever since the war, was filled with an assortment of wearing apparel adapted to Lee's present needs and forwarded to him. Included in the list were some cast off car inspector suits, rubber boots and arctic overshoes. Strapped upon the valise were an ancient gingham umbrella and a hickory walking stick, such as the aborigines who frequented Eagle Lake in centuries past were wont to carry. No doubt Lee appreciates the gift.

RANGE OPENED.

Sporting Event by the Emporium Gun Club Yesterday.

The Fort Wayne Emporium Gun club formally opened their new shooting range yesterday, by giving a target and live bird shoot. Barring a few unavoidable hitches in the failure of the traps to work properly, the events passed off successfully. About thirty shooters participated in the seven events, and, while the scores made were not as good as some of the boys can make, there was some fine shooting done. The live bird match was the most interesting one of the day, and the scores were pretty close.

The members of the club are grateful for the assistance rendered them by some of the members of the Electric club and the '96 Sporting club, and will do their share toward making a shoot which the above clubs may give a success.

The members of the Young Woman's Christian association who desire to play tennis must register at the association at once. The committee has secured two courts, one on Washington street and one at the corner of Main and Broadway. Nets and balls are furnished by the association, each player furnishing her own racket. The members of the association are eligible to membership in the tennis clubs on the payment of the organization fee of twenty-five cents.

AMONG CANNIBALS.

The Horrid Record a Traveler Brings Home From Central Africa.

We are getting to be better acquainted with that repulsive habit, man eating, and Sidney Langford Hinde, in his "The Fall of the Kongo Arabs," published in London by Methuen, writes that in central Africa cannibalism is growing and extending to tribes that formerly were free from the taint. Miss Kingsley in her recent book tells us of her visit to a country of cannibals.

As commanding a force in the service of the Free State it was the business of the author to prevent the raids of the Kongo Arabs. The Arabs it is represented, were good fighters, but when beaten fled precipitately, fearful of being eaten by the followers of the Belgian train. It is one of the beliefs of Mussulmans that a mutilated body cannot enter heaven. So cannibalism, or the dread of it, had its effects on these slave dealing Arabs.

The Bangala people cannot have a single idea of humanity. They have the cruel habit of maiming the animal they want to eat, believing that when it lingers half alive its flesh will become tender. Though there was an abundance of hippopotami, the cannibals preferred human flesh, and they dealt in it.

An instance is presented of a sentry in the employ of the white forces who, under instruction, fired at a supposed enemy. The shot was fatal, and the man fell. The man killed proved to be the father of the sentry, and the son thought it was "hard lines" since he was unable to eat him.

"The commandant ordered him to bury the body properly, but discovered afterward that, though the man would not eat the body himself, he had given it to his friends to eat. That same week a young Basongo chief came to the commandant while at his dinner in his tent and asked for the loan of his knife, which, without thinking, the commandant lent him. He immediately disappeared behind the tent and cut the throat of a little girl slave belonging to him and was in the act of cooking her when one of our soldiers saw him and reported what he was doing. This cannibal was put in irons, but some two months later I found him in such a wretched condition that, fearing he would die, I took him out of the chains and gave him his liberty with a warning. Scarcely a fortnight had passed when he was brought in by some of our Hausa soldiers, who said that he was eating the children in and about our cantonments."

There was no hesitancy on the part of the natives as to their cannibalistic tendencies. They would say to the whites, "Give us that man; he is a lazy fellow, and you will never get any good out of him, so you may as well give him to us to eat."

Slavery was to some of the natives rather a desirable condition. They reasoned it out to Captain Hinde in this way: "If I am free and don't get work, who is going to feed me? Whereas, if I have a master, he has to find me work, and when there is no work he has still to feed me."

Captain Hinde's story of the pygmies presents no novel points. If physically they are much below the average height of man, the little fellows make up for their deficiencies by cunning. They use weapons tipped with poison and, with their tiny bows and arrows, are remarkably quick and handy.

Once on a visit to N'Gandu, the capital of Gongo Lutete, who was at one time Tippoo Tib's lieutenant, Captain Hinde saw a horrid thing—an execution.

"The man is immediately torn to pieces and disappears as quickly as a hare is broken up by a pack of hounds. Every man lays hold of him at once with one hand and with the other whips off the piece with his knife."

SHE SELLS MOUNTAIN DEW.

When the Revenue Officers Come to Arrest Her, She Says, "Take Me."

Betsy Mullens is the largest woman in Tennessee. She lives in a little log house on top of Newman's ridge, in the mountains of Hancock county, where she earns a living by the sale of illicitly distilled whisky in open defiance of the government officers, who have time and again been sent to arrest her, but have never been successful. Her avoirdupois is about 540 pounds, and this accounts for the woman never having been arrested.

It was in the fall that I visited the Mullens home in company with the revenue officers from Knoxville. The place where she lives is 18 miles from the railroad and by no means easy of access. As you near the foot of the ridge where the woman lives you can see her cabin on the top. A conveyance cannot wend its way to the home, and those who wish to see the largest woman in Tennessee and one who has caused more talk than any other woman in the state have to leave their conveyance behind and make it on foot up the steep mountain side.

Approaching the home, the first thing out of the ordinary which attracted my attention were four mounds in the back yard, which, upon inquiry, I learned were the graves of her husband and three sons, the latter having given up their lives in mountain fights and had been buried in the yard, where the mother could turn from her bed in the little house and gaze at the spots which contained beneath their grassy sod all that was mortal of those who were so near and dear to her.

For years the woman has been bedridden, not that she is sick, but her enormous size is such that she is unable to walk or move around like other people. Her husband was for years an invalid, and the family were without visible means of support, [illegible] the idea of selling whisky. There are [illegible] of [illegible] in [illegible] and [illegible] just across the line in Kentucky, and with the [illegible] of their [illegible] she buys her supply of "mountain dew." It is brought to her in stone jugs, and from her bedside she can reach down and pour out any amount of whisky which the patrons of her place may desire.

In open defiance of the law has Mrs. Mullens carried on this method of liquor selling for years. The federal grand jury has indicted her time after time, and officers have been sent to arrest her, but that was all. They would go to her bedside and serve the papers, but could not take her to court or to jail.

Her size baffled them. It would take half a dozen strong men to carry her out of the house, and when the outside was reached they would not be able to get her to the road at the bottom of the ridge, as it is impossible to get a wagon to the top, where her cabin is located.

Every time the officers call at the house she simply laughs and says, "Take me if you can." The officers cannot take her, and that is the end of it.

During all the years that Mrs. Mullens has been confined to her bed she has seen her three sons and husband pass to the beyond. She could not attend the funeral services at the little church, which is situated several miles from her home, and the funeral services, if such they might be called, were held in the rooms where the mother and wife lay on the bed, and their bodies were laid to rest just outside the door in the back yard, where she could witness the interment.

The woman takes her misfortune good naturedly and says that she will continue the sale of whisky until her time to die has come, and then she, too, expects to be laid to rest beside the bodies of her husband and sons in the little plot in the back yard, known as the burying ground of the Mullens family.—Atlanta Constitution.

What the Old Bachelor Sees.

A man can never lose anything that he can't trust. Women lose cats.

There are lots of women haters that you never hear of because they're married.

Woman was made before mirrors, but it wasn't her fault.

Anyway, a man never tells what girls said when they proposed to him.

No man can be entirely free from responsibilities so long as he wears suspenders.

When a woman can't find anything else to feel sorry for, she goes to feeling sorry for herself.

I wonder if any one ever saw a woman in a crowded street car get up and offer her seat to a man with a baby in his arms.—New York Press.

The Real Thing.

"I saw the airship this morning as I was going home," Mr. Drinkhorn announced.

"Sure it was not a hallucination or something of the kind?" asked the man who likes to put unpleasant questions in a polite way.

"Sure as shooting. I saw it double, just the same as I was seeing every other material object."—Cincinnati Enquirer.

Needed Preparations.

Good Minister (awaiting the appearance of the lady of the house)—What is that, my little dear?

Little Girl—My apron. I'm goin' to put it in the wash. Mamma got it all dirty.

"She did?"

"Yes, sir; she grabbed it up just now to dust off the Bible."—New York Weekly.

Let One Off Easy.

Deshian—So you were fined, an for what did they fine yez?

O'Rafferty—For puttin' drunk only wan time.

Deshian—An how long was ye wid it?

O'Rafferty—Wan day.—Truthful Times.

DEAFNESS CANNOT BE CURED

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure Deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

HIRONS' VEGETONE.

It can be Procured at Your Druggists.

The Effective Vegetable Tonic for Constipation, Indigestion, Malaria, Liver, Kidney, Nerve Troubles and Headache.

The Hirons Double Treatment for Catarrh and Hay Fever.

The Hirons New Asthma and Cough Cure for Asthma, Bronchitis, Pneumonia, Coughs, Colds, Throat and Lung Troubles.

Vegetone is purely vegetable in its composition. It is a reliable and permanent cure for diseases of the liver and kidneys, constipation, chills, malarial fever, loss of appetite, and a sure and effectual cure for headache and dyspepsia.

Vegetone acts by giving tone to the stomach, strengthening the liver and kidneys, and assists these most important organs in throwing off the impurities in the blood. Every person, in the spring of the year, needs a good, safe tonic for the replenishing of the system after a winter of inactivity, and Vegetone will produce the desired effects, being purely vegetable and a mild, pleasant laxative, thus throwing off the bile from the stomach, producing new vigor.

CATARRH.

One of the most troublesome and dangerous diseases known to mankind, can in the large majority of cases, be permanently cured. Many who were victims to that disease have been cured, and many more are being cured. Double treatment for Catarrh does its work effectually; clearing it out of the head, driving it out of the blood, where it exists, and ever will exist, unless the health destroying virus is eradicated from the system. Cure it. For it is not only a constant discomfort, but a perpetual menace to life. Use the New Asthma and Cough Cure as the blood purifier, and the Speedy Catarrh Cure for the nasal treatment for Catarrh, and soon those troublesome and distressing symptoms will disappear. The constant dripping of the mucous into the throat, and the pain in the head will cease. The hearing, sight, smell, and taste will be restored.

HAY FEVER.

Hay Fever, or Hay Asthma as it is often called, is a combination of Bronchial and Nasal affections. The immediate cause and source of irritation being of external origin, attacking individuals during the months of May, June and August. The pollen of hay, dried grasses and rag-weed comes in contact with the nasal and bronchial membranes, involving all the air passages, causing immediate irritation, frequently disabling persons afflicted therewith. The great discomfort and suffering, say nothing of the the loss of life caused by this terrible disease, may be avoided by using Hirons' Double Treatment, which is a sure, safe and permanent cure. Commence using the medicine at once, and get your system in condition to resist the effect of these agencies upon the mucous membrane, thereby keeping the tissues in a healthy condition.

ASTHMA.

Asthma is a contraction of the nerves connected with the lungs, and is produced by three causes. First, by sensitive area of mucous membrane. Second, an abnormally sensitive nerve center, and third, by an external irritant. With all three of these factors simultaneously, an attack of Asthma is produced. The disease often arises from Heart trouble, nasal catarrh and dyspepsia. Some of the symptoms, short, quick, difficult breathing, wheezing, with spells of coughing and suffocation. Asthma is supposed by some to be incurable, but the use of a few bottles of Hirons' New Asthma and Cough Cure will prove to the contrary.

What the Resident Manager of the Chicago Newspaper Union Has to Say.

The Hirons Medicine Co., Fort Wayne, Ind.

GENTLEMEN:—Your Mr. A. R. Hirons persuaded me to give your Double Treatment for catarrh a trial, and after having used it about 30 days, I can honestly say that the results have been very satisfactory. I have been a sufferer from the disease since childhood, and was so bad at times that the membrane would bleed constantly. By the use of your medicine I have stopped the bleeding, my head is greatly relieved, and I have no more difficulty with my breathing. Yours truly,

CHARLES D. TILLO

"La Grippe Cough Cured."

Hirons Medicine Co., Room 3 Schmitz Block, Fort Wayne, Ind.:

DEAR SIRS:—I had a severe case of La Grippe some time ago and suffered with a terrible cough until I tried a bottle of your New Asthma and Cough Cure. I used only one bottle of the medicine and it cured me entirely. I have had no cough since.

Signed

MRS. CHARLES C. ADAMS,
No. 110 Hanna St.

Has Not Wheezed for Over Three Years.

Mr. Frank Joly, the well known Columbia street grocer, makes this statement over his signature: "I contracted Asthma about twelve years ago while working in a damp cellar. Many nights during that time I had to be propped up on my pillow in order that I might breathe. I used many remedies but received no permanent relief. Three years ago I tried Hirons' New Asthma and Cough Cure, and after having used two bottles of the remedy I was entirely cured. I have never wheezed since."

(Signed) FRANK JOLY,
"120 E. Columbia St."

Price of all Hirons' remedies $1.00 per bottle. Six bottles for $5.00. Prepared by

THE HIRONS MEDICINE CO.,

WHERE MINES GROW.

Of late years silver production has outstripped gold. A different condition of affairs exists in the now renowned Kootenai country. While silver predominates in some localities there, yet the streams have placer gold in paying quantities, and at Rossland, in the Trail district, gold is king. Copper and iron are found and coal also, at some places.

The recent development of this region and of that contiguous thereto in Washington, has been phenomenal. Mines of exceeding richness, from the grass roots down, have been opened all over the mountains; railroads have been built into and through the country; steamboat lines on the lakes and rivers have been increased and expanded, and towns sprung up as if by magic.

The country is good for rich or poor, the climate is mild and bracing, and the scenery grand beyond description.

Among the prominent mining camps are Rossland, Nelson, Ainsworth, Kaslo, Slocan, Salmon River, Cariboo and Deer Park.

The mountains are well timbered, rendering fuel cheap, and living expenses are reasonable.

Smelters are located at several points contiguous to the mines.

The year 1896 witnessed a wonderful emigration to the Kootenai country, and it will be eclipsed by the record of 1897.

The direct route to this land of gold, from the east, is via the Northern Pacific railway to Spokane, Wash., and Spokane Falls and Northern railway from that point north.

West of the Rossland region lies the Boundary Creek country—practically a continuation of the former—of very rich promise but as yet of meagre development. South of the Boundary line, in Washington, is the "Reservation" country, a land also of promise.

A full description of the Kootenai region can be obtained by sending to Chas. S. Fee, Gen. Pass. Agent, N. P. Ry., St. Paul, Minn., for their new Kootenai Folder and elaborate relief map. This is the best map published of the Kootenai. m20-tf
